

“Is the Highland Library haunted? Be part of the teams of paranormal researchers who will join members from the Greater Regional Investigations of the Paranormal (GRIP) on 4 October 2024, 6:30-8:30PM to see if it is. GRIP has been called upon to investigate many of St. Louis’s major venues, to include the Fox Theater, and now they want your help to investigate the library. GRIP will provide all of the equipment and instruction necessary for you to investigate and find your own stories. In addition, please bring a flashlight and your own phone or camera if you want to document your experience with videos/photos.”
