happy birthday, t-shirt

The t-shirt celebrated 100 years. Starting in 1913, the U.S. Navy gave the shirts to sailors for wearing under their uniforms, and it became known as the "t-shirt" because of its "T" shape.

mandela's legacy

People around the world mourned the loss of Nelson Mandela, who passed away at age 95. Mandela was an anti-apartheid icon who spent 27 years in prison for political activities, and later became South Africa's first black president. Thousands of people gathered for a memorial in Johannesburg to honor and celebrate his life.

headline news

bill of health

The Affordable Care Act was instituted by the government and rolled out in January with some website complications. The goal of the act was to provide more choice and control over healthcare coverage.

on the money

The Federal Reserve redesigned and released the \$100 bill to market. It took almost a decade to perfect the new look, which has special security features that make it more difficult to create counterfeits.

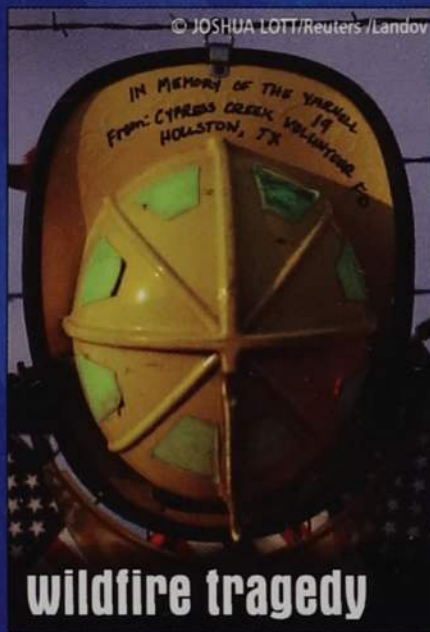

fond farewell

Britain's first female prime minister, Margaret Thatcher, passed away at the age of 87. She served for 11 years and was known as the "Iron Lady" for her tough leadership style.

north india floods

Violent rains caused devastating floods and landslides in the northern Indian state of Uttarakhand. Over 5,700 people lost their lives as a result.

wildfire tragedy

Nineteen firefighters lost their lives in a raging central Arizona wildfire. A lightning strike reportedly started the fire, which then devoured 8,500 acres of land.

amazon.com

special delivery

Amazon and the U.S. Postal Service partnered to deliver Amazon packages on Sundays in a few cities, with the goal of boosting profitability for the Postal Service and speeding up Amazon delivery. Amazon also tested drone delivery but it is still several years from reality.

#twittergoespublic

The social media site Twitter went public. The first day's stock opened at \$45.10, which was 73% above its initial offering price.

sink or swim

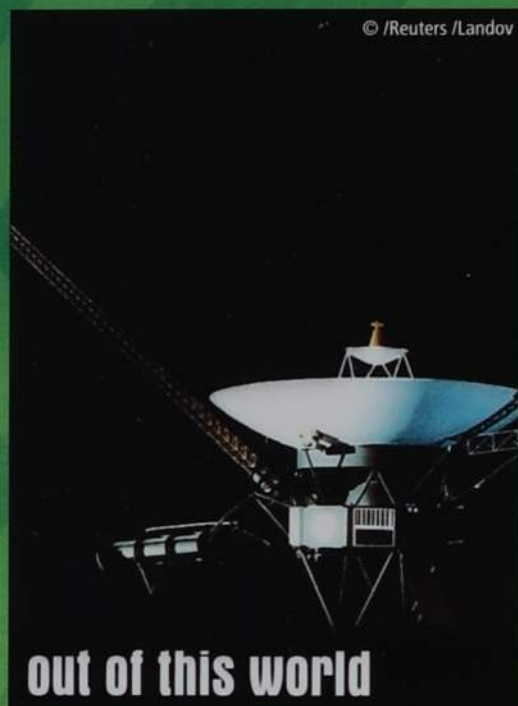

Sixty-four-year-old Diana Nyad became the first person to swim from Cuba to Florida without a protective shark cage. The 110-mile swim took 53 hours.

marathon bombings

Two bombs exploded near the finish line of the Boston Marathon. The act caused 3 fatalities and over 200 injuries.

atomic weight

The atomic weight of 19 elements on the periodic table, including gold and aluminium, was adjusted due to advances in measuring. Element weight had not been adjusted for nearly 5 years.

teddy olinguito

Scientists discovered a new mammal species, the olinguito. The animal is red-orange in color with a teddy bear face; it weighs 2 lbs. and is 14 in. long. The creature lives in the cloud forests of Ecuador and Colombia, and it is the 1st carnivore mammal species to be newly identified in 35 years.

space junk clean-up

Swiss scientists announced future plans to send a satellite into space that will clean up flying debris and litter. The CleanSpace One satellite uses a robotic arm to grab objects and throw them to Earth's atmosphere where they will burn up.

positive impact

TRW Automotive developed airbags that pop up on the outside of vehicles. The external airbags were designed to protect riders from side impact collisions, which account for 40% of crashes.

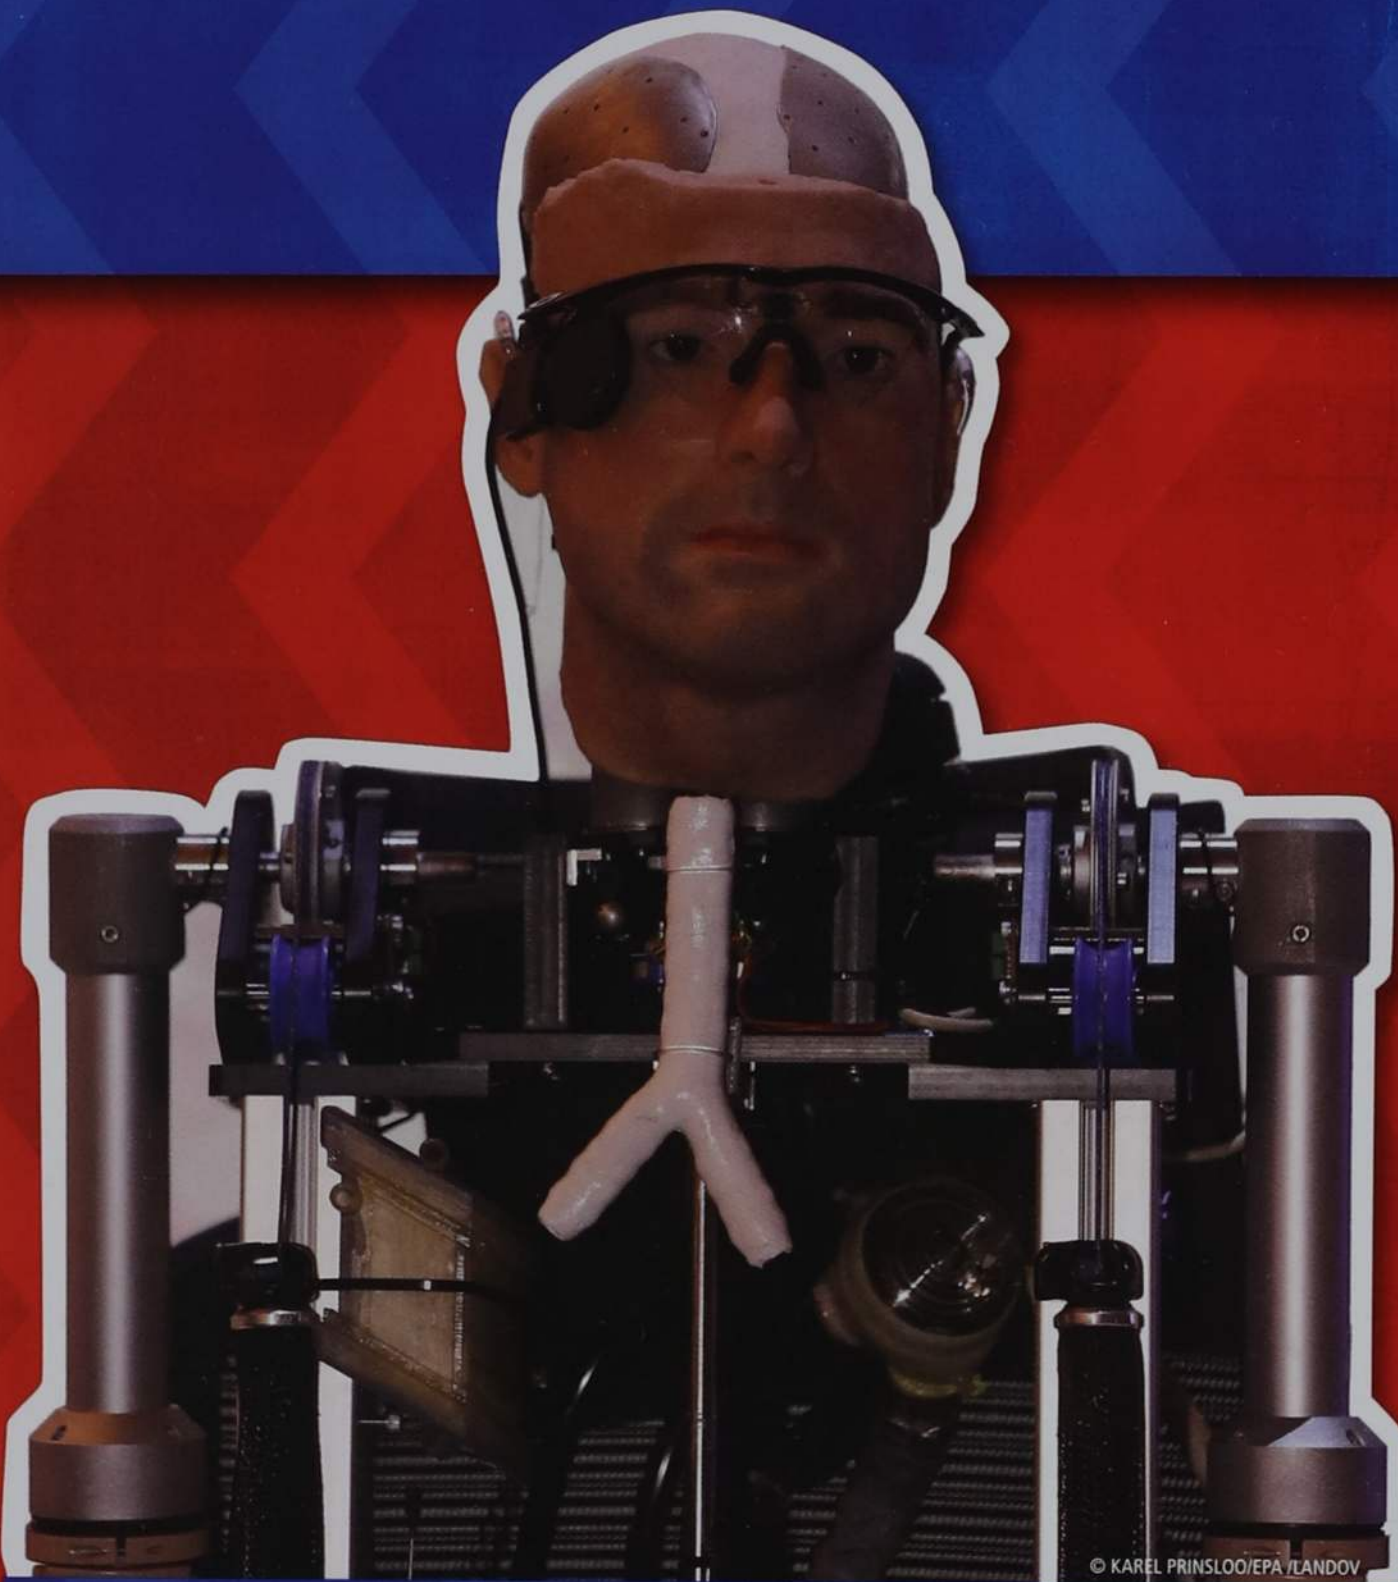

Nobel Prize

Peter Higgs and François Englert were honored with the Nobel Prize in Physics for their discovery of the Higgs particle, which explains what gives matter its mass.

traveling torch

Before its use at the 2014 Olympic Winter Games in Sochi, Russia, the unlit torch traveled via rocket with 3 astronauts to the International Space Station. The torch even went on a spacewalk; it was the 1st Olympic torch to do so.

million dollar man

Robotic engineers Rich Walker and Matthew Godden led the development of the first bionic man, which was constructed of prosthetic body parts and factory-made organs. The robot cost \$1 million to build and it can walk, talk and breathe. The purpose of the project was to show human prosthetic advancement.

color your world

Apple sold a record-breaking 9 million phones during the first weekend of the iPhone 5c and iPhone 5s release. The 5c color options included green, blue, yellow, pink and white; the 5s offered silver, gold and space gray.

get pebble smart

The Pebble smartwatch made its retail debut and unlike its competitors, the watch was the first to have cross-platform capabilities. Priced at \$149.99, Pebble was originally funded by the Kickstarter program with over 68,000 supporters. The device connects to the user's smartphone to display text and email alerts, play music and more.

kooky cars

Lyft Inc., a new ride-sharing service, popped up in cities around the country. Riders use a phone app to request a lift rather than hailing a taxi. Lyft drivers are quirky and known for kooky behavior like decorating their cars, dressing in costume and playing loud music.

flying high

New Zealand aviation regulators approved an experimental flight permit for a personal jetpack. The permit allows creators to conduct manned test flights that are restricted to no higher than 20 ft. off the ground or 25 ft. above the water. After testing, the jetpack will be available to first responders who may benefit from an aerial view.

H2O reuse

A Swedish designer developed the OrbSys shower, a system that recycles water to save 90% water and 80% energy. The design is similar to those used on outer space missions when water resources are limited.

tech topics

bionic ear

Scientists at Princeton University created an artificial ear by combining cow tissue and materials printed from a 3D printer. The ear can hear frequencies 1 million times higher than the human ear.

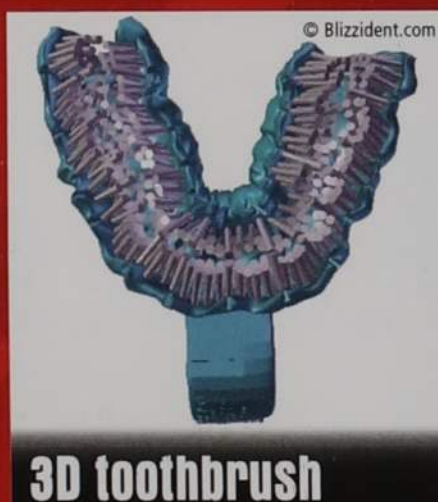

thermometer patches

Scientists developed an ultra-thin thermometer patch that can read skin temperatures down to the thousandth of a degree. The new sensor is wearable on the wrist; it's also as small and thin as a temporary tattoo.

smart tooth

Scientists created a "smart tooth" by gluing sensors onto a tooth of test participants. The sensor tracked jaw movements when they chewed, drank, spoke and coughed. This technology could be used by dentists and dietitians to learn more about patients' health.

3D toothbrush

The Blizzident toothbrush created a new way to brush teeth. Using a model of the person's teeth, a mouthguard device is made with 3D printing technology. Users bite down on the brush and grind their teeth for 6 seconds to clean them. The toothbrush sells for \$299.

glow me the way home

A glow-in-the-dark material called Starpath was tested to light up pathways at night. The coating is sprayed onto a path's surface; it absorbs light during the day and gives off an illuminating glow when it gets dark outside.

visionary technology

A new lens prototype for the human eye was developed for wearers to zoom in and out while looking at objects. The lens must undergo additional testing before it is available, but someday it may help people with vision loss from conditions like macular degeneration.

phonebloks

Dave Hakkens' Phonebloks captured the public's attention as a revolutionary concept in the smartphone industry. The phone parts are called "bloks" and fit together like Legos®. When consumers need a new phone upgrade or replacement part, they add a new piece to their phone. The project's aim was to reduce global electronic waste.

a new view

Samsung's OLED TV hit the U.S. market for \$9,000. The TV's curved shape let viewers see more of the screen and exclusively offered multi-viewing capabilities for watching different shows on the same screen.
