"Jingle Bells, Jingle Bells, Jingle all the way... "Highland's staff and students generated a large capacity of energy that helped get everyone into the Christmas spirit. Some wore bells around their necks or on their shoes. There were mistletoe hairpieces and strands of tinsel were used as belts. The widest variety included the holiday sweatshirts and Santa Claus paraphernalia— which ranged all the way from Santa hats to Santa socks.

Christmas has always been a time for good spirits, helping hands, rosey cheeks, and SNOW! The CRUSIN' students at HHS were all looking forward to the extended Christmas vacation—and the ROCKIN' faculty was even more excited!

"I'm dreaming of a white Christmas...

"Since the snow didn't show up until mid-January, the student body and faculty pulled together to get into the spirit of Christmas by decorating. "Deck the halls with boughs of holly... "

The students and faculty did without the snow and worked together to create a spirit all on their own. The spirit of Christmas flowed warmly through the halls at HHS.

Wow! Look at 'em go! As always the games were a major highlight of the Homecoming week festivities. During a pep rally on Wednesday, a few people from each class participated in wild, crazy, and of course, fun games while their classmates cheered them on. Game day consisted of tricycle races and flipper races. Keeping with the "Under the Sea" theme, the racers sat down on the gym floor and tried to get to the other end of the gym to touch the hand of their teammate. Also there was tug-o-war and the finals for the Weight Club arm-wrestling contest. When the points were totaled, and the smoke cleared, the senior class arose victoriously as the champs of game day.

Other Homecoming week activities included a snake dance, bonfire, and a Hawaiian day. Also, a beach volleyball tournament, and the traditional Homecoming parade and float contest, and last but not least Coronation (including the return of the dance). The Homecoming football game against Mascoutah, another Homecoming week victory, as HHS trounced them 40-0 and sent them suddenly down the trail of tears. Homecoming Week is always a very exciting time for everyone at HHS. But, just as any good race: if you blink your eyes you just may have missed it. The week's festivities wound down and were over just as suddenly as they had begun. One thing, though, was for sure it was a time that has not been forgotten by many.

Algebra can be a catastrophe,
and the angles are tough in geometry.
Biology class can get really rough,
with all that dissecting and other gross stuff.

Math and Science are called necessities,
But at times are hard to take seriously.
English class is the one that I adore
Because I find reading is not a chore.

In Phys ed you learn about endurance,
But what you really need is insurance.
I really like study hall a bunch,
My all time favorite subject is lunch.

Journalism kids are one of a kind,
But when you look for them their hard to find.
If you ignore the screams and dirty looks,
You'll find we can make a really cool yearbook.

Adult living teaches us to be aware,
That there is more to life than fun out there,
Home ec teaches how to be a good cook,
While with confusion the cook books we look.

Business classes teach us of money,
That it your not flirting with your honey,
Industrial Arts is a hard class to describe,
If you like drawing this is the class I would prescribe.

Drivers Ed and Health are two of a kind,
'Cause when you wreck your car it's a shot in the behind,
Choir and band together make beautiful music,
I hope their songs don't make you too sick?

If romance is what your looking tor,
Try a foreign it won't be a bore;
Through Social Studies you can muster,
you'll learn of cool people like Colonel Custard

And if you have the chance, try art,
You'll be able to draw things like Bart,
Oh yes, 160 days we must go,
We have no choice, through rain, sleet, or snow

Rules of the Room
It was not unusual to see administrators standing at the bottom of the stair wells. What could they have possibly been doing down there? Waiting for a friend, trying to get up the stairs? No, they were stopping the traffic speeding by. Where would HHS students have been without the fine help from the administrators. They did more than just stand around and yell at the freshman running to lunch. Let's see now, there was Mr. Singleton who oversaw everything done in the school and made all the major decisions involving classes. Mr. Schmalz helps students make tough decisions such as what classes will help them get into the college of their choice. Mr. Schaefer makes sure that the majority of the student body was in attendance and if not, why weren't they there. Mr. Thomas, Athletic Director, is in charge of all athletic events and scheduling. We can't forget about the secretaries. They are behind the computer all day doing paperwork and other things that needed done for the school. The secretaries are Tina Diesen, Gail Braundmier, Terry Frey, and Sherry Fletcher.

"Slow down—no running in the halls!" One of the hardest jobs for the teachers this year was to get the students to stop running in the halls. Teachers complained that the students' legs acted as if they were on fast-forward. The ways that teachers handled the problem were different.

Some waited in the halls ready to ticket speed violaters, or lectured their classes on the issue, while the English Department posted "3 miles an hour" signs in rooms and above doorways. It's too bad all the people who were caught speeding in the halls weren't on the track team.

Health and Drivers Education were the most important classes taken in the high school. Mr. Rich Kantner taught Health. In Health you learn about yourself and how to practice basic first aid and C.P.R. During your C.P.R. classes, book work as well as hands-on, with a mannequin are included in the studies. Health was a required course and when you’re finished with the class you realize just how bad your eating and physical habits were. After taking this course you found how to eat right and exercise more. Mr. Frank Stillwagon taught you the right way to drive. Through all the projects and reports you should hope have learned the right way to drive. Students take drivers education in high school because, if you do not take it in high school you have to wait until you were 18 to receive your license. Health and Drivers education were your two most important classes in high school because if you didn’t pass them you couldn’t get your license or graduate. Someday you will think back and remember some of what you learned and may actually try to improve your health and driving.

Dangerous Calculations

When it came to math the only thing that the Bulldogs knew to shout was Number 1. With the number one teachers in the Math Department, the Bulldogs could reach into the right angles. Miss Lesa Kraus' sunny attitude made the class period roll right on by. Mr. Larry Iftner worked hard on teaching the Bulldogs the right equations in his Algebra II and Geometry classes. With Mrs. Margie Duncan on the loose, her fun loving attitude made learning a blast. Mrs. Jeannie Probst was thought highly of in teaching Trigonometry and Algebra I. Mrs. Ann Pastrovich used her skills to help others learn in her Algebra and General Math classes. Mr. John Hester enjoys teaching the right degrees of Geometry. Everyone takes a Math class to graduate, therefore, the math department is a driving force in many students everyday life. Although math is one of the harder subjects at Highland High, it is still many of the students favorite. One cheer + Two cheers = Three cheers for the math department.

Hot Wiring The Science Department

The Science Department this year was certainly hot wiring up the classrooms to fire-up their students to learning! The classes this year had many unusual and interesting visitors. Mrs. Gina Hirsch had baby bunnies in her room, that someone was trying to find a good stable home for. What better price than free? Beth Rieke brought in darling dalmation puppies around Christmas time to sell. Perfect timing to save those hard to buy for people from not getting anything at all for Christmas. With the loving hearts in the halls of Highland Highschool all of those wonderful dogs now have warm homes.

Through out the whole year people were being turned on to learning by the interesting ways that all of the beloved science teachers introduced them to. Now we’re off some went on to more advanced science classes and others have went to further their education at college. But where ever they are they will remember their wonderful science classes at Highland High!

Around the World

Colombus sailed the ocean blue in 1492. But the Bulldogs went around the world in just 180 days in 1992-1993. It may be 500 years later, but our Social Studies Bulldogs saw it all. Mr. Steve Lanxon, Mr. Steve Moore, Mr. Ron Holt, Mrs. Barb Kay, and Mrs. Christine Grodon were the Bulldog's captains on this voyage through time. These Bulldogs were making sudden starts and stops all over the world.

Some say history repeats itself, but hopefully not for these students. One of the biggest assignments for these voyages is making it through the year. What sometimes may have seemed boring, was often made exciting by interesting assignments, like the mock election, or simply the teacher dressing up like a funny historical figure.

All in all the Social Studies department offered something for everybody. It also touched every student. Throughout history, the future has been passed on to the young. By studying history hopefully the future will be safe in the hands of the students of Highland Highschool.

Stopping Illiteracy

Grammar workbooks, journals, and literature books are only a few of the methods that the teachers in the English Department used to stop illiteracy. All of the students at HHS spent one hour of their day learning about grammar and literary techniques.

The freshmen spent quite a bit of time on proper grammar techniques. The freshmen were also blessed with the honor of reading Romeo and Juliet. As sophomores, the students spent some more time reviewing grammar and reading short stories. Their big honor was reading Julius Caesar. Junior year was the big transition year. They spent their time learning about American authors. They also had to write the dreaded term paper! The Seniors stressed British Literature, including Beowulf. The seniors also had to do their big author presentations.

The English teachers methods for stopping illiteracy were generally very effective. By the time graduation rolled around the student at HHS had a very thorough understanding of the English language.

EEEEE EEEEE
EEEEEEE!!!!! SLOW DOWN!! These computers, typewriters, and numbers have really confused me!

That's what most people say their first day in business class. But after one or two classes, they seem to do just fine. Mr. Jeff Faulkenberg, Mr. Ted Cippicio, Dr. Arlen Baker, and Mrs. Cheryl Wolfe have been the paramedics who rescued these students from a crash course. Business classes seem to be some of the most practical classes Highland High School offers.

The High School has a Co-op program for the students at Highland High School. This program is for the students who really feel like they are ready to make it in the business world. Yet, the co-op program is but a small part of the business department.

The business department offers a variety of classes for everyone. Typing, Accounting, Business Law, they are all fun for the business minded individual. The future is just a day away, and these fine students are onto their futures.

HOORAY FOR THE FIVE O'CLOCK WHISTLE! At five o'clock you'd see adults and students leaving work. These exceptional students went to school in the morning and left in the afternoon to go to work. They were gaining experience before graduating from high school. Local businesses around Highland helped the students get jobs by hiring through the school. Mr. Arlen Baker is the adviser of this group known as Co-op. "Co-op '93 the place to be; work experience for the future," said Dr. Baker. Contrary to popular belief this is a class. While the students were at work they were getting grades from their employers and they still received homework. It depended upon the employer if you continued to work there after school was out. Co-op was a privilege only for the seniors at Highland High School. All of the seniors of Co-op said that it was the best class they had, and would miss it when they left.

"Lights! Cameras! Action." The Highland High School Industrial Art classes have been cruising through the 92-93 school year. So far, the year has looked good and the students have learned the importance of knowing how to read.

In Manufacturing, students were able to learn how material things are put together, and Electronics provided students the opportunity to work with electricity to TV Productions. These classes have possibly prepared some students for college, or others for a chance to learn something new for fun.

With time and devotion of teachers such as Mr. Dave Wherley, Mr. Thomas Burns, Mr. Dave West, and Mr. Pete Tucker the students of HHS have learned to accomplish student and school goals, while working full speed ahead.

Buy a house, get a job, I wanna go home! The stress is high in Mrs. Linda Plett's Adult Living class. If you can manage to get through Adult Living just wait till they give you a kid in Parenting. If your budget leaves a lot to be desired you might want to take clothing and learn to sew your own clothes. Enter at your own risk is whispered as the students creep into the smokey Home Ec. room. If you look past all of the confusion and smoke Mrs. Linda Plett makes each of these life lessons a fun and easy way to plan for the unexpected.

The parenting class was able to study the behavior of children from all ages. Some students wish still to have children and others hope never to see anyone under five feet tall again. All of which we are sure will help them in their future struggles. From bankruptcy to winning the lottery, from starving to getting fat these classes help insure great success.

D.W.I. Drawing With Imagination

Picasso? El Greco? Zimmerman? Eversgerd? Pacatte? What do all these names have in common? For starters they were all creative and possess talent. Their works could have also been described as remarkable, magnificent, original, stupendous, and beautiful. Actually any of the work produced by the Art Department this year could have been described that way.

Mrs. Ann Pastrovich and Mr. Thomas Burns were the two teachers that helped the students release their creative juices. They did this by having students do sketches, silk-screenings, water colors and so on.

To show the school all the talent the Art Department possessed some of the best artwork was put on display for everyone to see. Christmas pins were sold before vacation, and also the annual art fair was held.

As usual some of the students priced their works so high that no one would even think of buying them, which was the general idea. The student body gave mixed reviews to what was on display, but what can be said, everyone's a critic.

Suddenly

Speaking of sudden starts and stops, the HHS choir had to start all over with a new teacher, Ms. Shauna Kaplan. She was determined to get control over her class. She started by reassuring them that she would stay more than a semester. Ms. Kaplan had a very musical voice. On a different note, she was not an accomplished piano player. However, the HHS choir didn’t have to worry about that because Casey Robards was around. Casey was a four year chorus member and added a lovely voice to the soprano section, along with Meredith Fergeson who was the class secretary. Her job was to take attendance and handle all of the important papers. Mike Thiem was the class president. His job was to direct the chorus when Ms. Kaplan was unable to. Craig Knebel was the class vice president. He assisted Mike. The HHS choir went caroling over the Christmas holiday. The mixed choir and the new select girls choir each had a productive year. Ms. Kaplan brought new hope and inspiration to singing.

Stop. Did You Hear That? That Sounded Terrific. Now, See If You Can Do It Again," said Melissa Grygiel the inspirational new director who followed the resignation of Mark Jirousik. His resignation was one of three, making four directors in five years. By working together they overcame what for some bands could have been a downside, turned it around, and had a great year.

Miss G, as she let the band refer to her, was one of the best directors that the band had ever had. She had a great knowledge of marching, and gave her all to Concert & Symphonic Band too. With the help of the seniors, the year started great. The first day Miss G. reassured them that she was going to stick it out no matter what, i.e. not leaving anytime soon, so they better show her their best - they did. With her help, leadership, and slap-stick humor along with the cooperation of the seniors they proved to everyone that the HHS Band could be as good as they wanted to be, and they intended to be great.

Thirty jumping-jacks, twenty push-ups, twenty sit-ups, toe touches, hurdler stretches, pretzels, and then comes the dreaded two laps around the gymnasium. For most high school students this is enough exercise to make a student feel like he’s on his last leg. On the other hand, if the student was in P.E. it’s just the beginning of an hour long ritual that will keep a person in shape for their high school career.

There were two types of P.E. classes to take. A student can take either conditioning P.E. or just take regular P.E. Conditioning P.E. is a mix of running, strenuous exercises, and weightlifting that will keep any person physically fit for anything. It was taught by Mr. Rich Kantner, Mr. Frank Stillwagon, and Ms. Jody Harrison.

In regular P.E. a student does basic warm-ups and then participates in a variety of sports including basketball, archery, hockey, softball, bowling, and many more fun and educational sports. Mr. Dave West, Mr. Frank Stillwagon, and Ms. Jody Harrison taught regular P.E.

"Parle vous francais? Hablas tu espanol?" If not, perhaps the Foreign Language department was for you. It was a divided highway. Cruising one side of the highway were the Spanish classes of Michelle Deets and Jamie Bowen. Rolling down the other were the French classes of Elaine Thebus. Although the Foreign Language Department had only two languages, both were very moving to the students. One could choose from Spanish I, II, III, or IV, or French I or II. Classes learned grammar, conjugation, and usage of their respective languages, as well as culture and conversational skills. The Spanish classes were prone to cooking ethnic foods from time to time. Churros were a favorite. Another benefit of taking French or Spanish was the foreign language clubs. One could join French Club while being in French II, while one had to complete Spanish II to join Spanish Club. At any rate, anyone who coasted through the foreign language classes at HHS did themselves a great service!

Scholarly speaking...that's what happened among these groups. Yes, the Speech Team, the Saturday Scholars, and Scholar Bowl were three groups not to be forgotten at HHS.

The Speech Team competed actively at IHSA tournaments and invitational tournaments in individual speaking events. They were a talented group of speakers advised by Mrs. Peggy Oulvey. Their officers included President Eric Hess, VP Chad Keeven, Secretary Quinn Moore, Treasurer Stacie Johnson, and Historian Angie McWilliams.

The Saturday Scholars were talented juniors and seniors elected to attend Saturday workshops with students from 10 other schools. Some of the topics were Medical Examiner, Holography, and the rainforest.

Scholar Bowl was a group that competed in academics. They had a season of 7 matches. They also went to the Knowledge Master Open—a nationwide competition twice a year. Varsity Captain was Chad Keeven.

As you can see, these were three groups that were very scholarly speaking!

Welcome to the wonderful world of helping your fellow man. Both Lifesavers and Student Council made important contributions to the school and its environment this year. This year the Student Council bought the school a message board. Students were able to send messages to one another for the entire school to see for almost peanuts. Important school messages, such as sporting events and Holidays, were also run across the board. Lifesavers made contributions all year round, but in a more personal way. In Lifesavers, volunteers are trained on how to deal with dangerous situations, such as bad family situations or situations of even more seriousness. These students also learn that they don’t always have to hide their feelings and that they are not alone. They learn to take off the masks they wear to hide their feelings and that they are worth much more than they ever thought. Good job, guys!

Rich Zimmermann, with the help of a friend, enthusiastically expresses what a great time he had during the Lifesavers weekend.
The Literary Club was always good at writing poems and short stories. The National Honor Society dealt with students who achieved an accumulative grade point average of a 4.0 to 5.0. Thespians troop #4097 dealt with students who were active in either plays or musicals. They were accepted by a point system whether if you would receive the leads, play in the band, helped with lighting, helped with the costumes and makeup, or just helped to build the set. All in all these clubs were something to be in. All these groups have interested people and grown into strong, respectable groups. These groups have pulled students together and have made them into better friends. These groups contain people who were outstanding in what they did. All of them worked for a common goal and achieved them. Not only were the teachers and parents proud of the students selected into these groups but so were the students who were selected.
The Ecology Club gave HHS students a new "cleaner" look at our environment. The ecology club consisted of students that wanted to help make our school a better place. They recycled paper and had monthly meetings discussing ways to help recycle and save things. The Science Club enhanced the scientific knowledge of the students who wanted to further their education in the science field. In their monthly meeting they discussed topics of interest, had expert guest speakers, and at times would just watch video tapes of scientific issues. The Ecology Club benefited the school by making us aware of the waste being spread over the earth and showing us how to clean it up.

Mr. Jim Meyer, the advisor, and the participating students worked hard and were a great asset to the Highland High School the involved freshman brought fresh new ideas and the students worked together to make an impact on the future of the earth.
Exceeding the academic speed limit were the HHS Math Team, Technology Club, and JETS. This club excelled in academic awareness and special awards. The Math Team sponsored by Mrs. Geiger and Mrs. Probst participated in the Southwest Math conference and other math competitions. The Technology Club was headed by Mr. Tucker and they attended the Fall Leadership Conference.

Jets were represented at state by Mike Theims who captured first place and by Corey Plocher who came 6th place. The Jets listened to an engineering speaker and joined in a celebration Math Week.

Students who were in the Art & Library areas joined Mrs. Ann Pastro维奇's Art Club, while others jumped into Ms. Jenna Highlander's Library Club.

Art students who had taken design did bulletin work, poster work, made pins for Christmas and made crafts or drawings for the Art Fair. Poster work was also done for the fall play.

For students who wanted to earn an extra credit working for the school or for fun, the Library Club was the escape. Students went through a week long period of training in the library. The "Friends of the Library Club" gave students a chance to learn from club officers such as Marcia Cartwright who was President. Secretary Richard Jarosik, and Treasurer Wendy Zobrist. The Library Club had several activities from selling book covers to having Valentine, Christmas and Pizza parties. Overall The Art and Library Club had a fun filled year.

If it's a medical career you wanted or specializing in Christianity in sports, Fellowship of Christian Athletes and Future Medical Careers Club were for you.

FMCC-Future Medical Careers Club introduced students to various health careers. FMCC sponsored the Blood Drive. FMCC was sponsored by Mrs. Dorcas Fisk. Many of these students intend to graduate and go into the medical field.

FMCC invited guest speakers of the medical profession to speak to their group. They were two groups that involved the students in the future. They gave people the will to succeed in the world.

The purpose of FCA was to learn about and become closer to God and Jesus Christ. It was a time to be able to share with others of a common faith. Girls FCA was sponsored by Mrs. Lesa Gieger. Officers were: President Lynn Glassmeyer and Program Chairs, Peggy Klostermann and Jesse Kamm.

Boys FCA meet weekly and delivered Christmas goodies for the needy. Boys FCA is sponsored by Mr. Joel Hawkins. The President of boys FCA was Ben Resman, Vice President Joey Reidelberger, Secretary John Livingston, and Treasurer Curt Rosinski.

What do FFA and Weightlifting have in common? Not much, however, both were important to the school. FFA, headed by Richard Wherley, was formed to develop leadership, cooperation, and citizenship, while weightlifting, headed by Steve Lanxon, promoted physical fitness. A weightlifting goal was to also raise money for the best equipment possible for the weight room. How was this done? The weightlifting club sponsored the annual lift-a-thon, arm wrestling contest, and worked at the concessions at school games. FFA didn't raise money for any specific issue but they did take part in many activities such as FFA week, leadership camp, training school, and conferences. They also took part in public speaking contests, judging contests, and conventions. These clubs have benefitted the seniors and they will carry this information with them in all of their future endeavors.

"Bonjour Amigo!" To be speedily speaking, students who were in Spanish III or IV, and students who completed a year of French were able to join the French or Spanish Club. Senior students who had an A or B average, and were in a second semester of Spanish III or IV class joined the Spanish Honor Society.

In Mrs. Thebus's French Club, consuls were: Jason Klenke, Mike Hayman, and Michele Gillespie. Kris Plog was Secretary, Carol Hess was Treasurer and P.R. was Angie Zimmerman. The French Club went on a ski trip, and also a camping trip during the summer. For a cultural experience the students visited Ste. Genevieve (the oldest French settlement west of the Mississippi), the Prairie du Rocher (an old French Fort), and the home of Pierre Menard. In their spare time French students played games, and cooked while learning the French culture.

Meanwhile, Mrs. Deets's Spanish Club enjoyed a field trip to Saint Louis and watched Mexican dancers. Following a delicious meal at Casa Gallardo's.

A fundraiser was held where Spanish students sold Christmas wrapping paper. During their foreign language week, a trivia contest was held for all students to guess the foreign names of HHS teachers. Club officers for the 92-93 school year were: President Ben Resman, Vice President Peggy Johannes, Secretary Jenny Hug, and Treasurer Susie Schaefer. Members that joined the Spanish or French Club were lucky to have learned a different language and use it during a curricular activity.

Project people! You must project!! Those were the famous words heard from Mrs.Peggy Oulvey's mouth at each and every practice. The Jury Room consisted of twelve characters. The plot: a murder mystery in which the jurors were trying to convict a young lady, Julie Fletcher, (Michelle Smith) who supposedly killed her uncle. They came to find out that the actual murderer was one of the jurors, the Angry Man played by Scott Demkey. Other characters who added spice to the play was the ditzy blonde portrayed by Meredith Fergesen. The two elderly but funny women were played by Natalie Driesner and Linda Genzo. Matt Embry played the most important role, the Foreman, while Mike Thiem played the Young Man. The Society Woman was played by Stacie Johnson and the Brunette portrayed by Darr Pruitt. The Middle Age Man, Quinn Moore and the Man With Glasses, Rich Zimmerman never had a dull moment. Then there was the Shy Girl played by Sara Ammann. Last but certainly not least was the very dedicated and hard working Student Director, Craig Knebel. With all the hard work and dedication the cast, crew and Mrs. Oulvey everyone was very pleased with the outcome of the Fall Play The Jury Room.

"It was chaotic at first but we pulled together and put on a 'Class A' show."

WOOSH!!! The spinning colors of the flag is what hot wired the color guard to a sudden start in the 92-93 season. From the summer parades to the homecoming game the guard twirled all the way. The squad consisted of 18 girls who were led by Renee Schwarz and Brande Ellis. Homecoming game was by far the highlight of the season, from the decorative outfits to the tequila worm. They also marched at the University of Illinois during the 92 Drill Team Season. The guard was there the whole time cheering on the football dawgs!

This year a new concept of winterguard was introduced to Highland High by Ms. Melissa Grygier. This squad was a mixture of old and new girls. The winterguard performed this year at the girls basketball games. With the support of the parents and community the flags hope to become bigger and better. The guard had four seniors this season. They were Brande Ellis, Renee Schwarz, Stacey Knebel, and Susie Schaefer they will be greatly missed on the squad in the coming seasons. This year proved to be very successful for the flags. The color guard twirled their way down the streets and into the hearts of their fans forever!!!

With the size advantage usually in the opposition's hands, the Bulldogs had a pretty successful 1992 year. The Dogs dropped the first game of the season to a 6A Quincy team. With that behind them, the Bulldogs rattled off 3 wins in a row. First they beat their long time rival, Triad, 28-7. They then won MVC games against O'Fallon and Bethalto. They beat the Panthers 32-27, a big upset for the Bulldogs. The Dogs then beat CM in a defensive battle 8-6.

Then with lack of intensity the Dogs dropped a heartbreaker to a Woodriver team, that hadn't won a MVC game in 6 years. The young Bulldog's confidence was low after they lost their 2nd game in a row to a skilled Roxana team that outplayed the Dogs 35-21. The chance of the inexperienced team making the playoffs was grim. They had not yet played the Jerseyville Panthers. Jerseyville allowed only 14 points in 7 games. The Bulldogs scored 14 points in a 42-14 loss.

Despite the ups and downs in the Dogs 5-4 season they thrashed Mascoutah 40-0 on homecoming night.

CRASH!!! This was the sound that suddenly started the '92 JV and the freshman football bulldogs off to their year of triumph. The JV and freshman team cruised down the collision course with only a few fender benders. Their record for the season was 5 and 3.

The major fender bender of the year was when Phil Marti, the ever so dedicated JV quarterback, threw his body in the line of fire to save Mascoutah from getting a touchdown on our home field. The consequence of this heroic deed was that Phil Marti dislocated his shoulder and was out for the remainder of the '92 football season. Even though the JV football dawgs had this minor accident it did not stop them from moving in over-drive to bring home their victories with a record of 4-4.

The steering wheel and the driving force that lead the '92 freshman football team to their victories were Coach Ron Holt and Coach Joseph Michaels. The JV football team was driven for many long and rough miles by Coach Joel Hawkins. Thanks to these men and the team’s hard work and dedication, the '92 freshman and JV football team went full speed ahead on the collision course to win, win, win!!!!!!!

The 1992 Varsity Soccer Bulldogs made skidmarks on their way to the top. With 16 wins and only 4 losses, the team was the best it could be.

Jim Meyer, in his third year of coaching, led the Soccer Bulldogs to many victories. With the assistance of Ron Frey, the players stood to defeat whoever they could.

Their greatest play was against Civic Memorial, when the slow and winning goal was made by senior, Kevin Sharp. They won 1-1.

The Soccer Bulldogs were challenged by O'Fallon, who beat HHS. They were also defeated by Collinsville, who won the sectionals.

The Soccer Bulldogs were something that HHS was proud of. They worked hard and did their very best.

Captains Justin Germ, Brian Marks, and Scott Weissner were there to give support and motivation to the team. The team was also joined by foreign exchange student, Tetsuya Yamamoto, who scored the 11 goals and had three assists for the team. The Soccer Bulldogs agreed that he was a great asset to their team.

All in all, the soccer season was a good one, never to be forgotten. The Soccer Bulldogs left skidmarks on the history of HHS sports forever.

If more intellectual men play soccer, they wouldn't have a problem adding up the stats of the Highland Junior Varsity Bulldogs. Led by coach Terry Marks who was assisted by Rick Frey, these Junior Bulldogs learned the goals of the game.

According to Mr. James Meyer, Varsity head coach, "a lot of freshmen played and showed terrific improvement." The three goalies all were freshmen, even on varsity! The freshmen who held these positions in rotation were Joey Hoffman, Ryan Ilges, and Nick Gould who led the team onto victory.

Yet, these freshmen received much motivation and leadership from Sophomore Shawn Hogg. In many situations, the juniors and sophomores worked with the freshmen to help the team improve as a group. Another thing that helped the J.V. Bulldogs improve was the addition of a Freshmen Bulldog team.

Next year the J.V. Bulldogs will have to find eight members to replace eight of the senior starters. Through hard work, dedication, and never stopping, these J.V. Bulldogs will someday have what it takes to be Varsity Bulldogs.

The '92 HHS cheerleaders began the season by trying something new. There was no longer a JV squad but one huge squad including 20 girls. They split the duty of covering all the events by dividing into two groups. It worked well, and the team was as exciting as ever.

Alana Stricker, April Rieke, Michelle Weiss, and Stacie Johnson were the four horsemen of the squad. They were the only four seniors on the entire team. There were three juniors, three sophomores, and ten freshman, which made it a very young and enthusiastic squad. Ms. Lesa Kraus remarked, "It was great to work with twenty cheerleaders. Having freshman on the squad gave us new enthusiasm to work with."

The girls also covered more than just football this year. Two soccer games were also added to the agenda, which brought high spirits to the spectators. With the big squad they were also able to cover every home football game, including junior varsity and freshman games.

The fall cheerleaders of '92 helped boost the moral of the crowds and players, creating an entire new wave of spirit in the halls of HHS.

A new year, a new season, and along with it came a new coach. Ms. Holmstrom left Highland and was replaced by Mrs. Yvonne Ward, who teaches Physical Education at the elementary school. When Mrs. Yvonne Ward was ready to work so were the Lady Bulldogs. The team practiced hard every day to be in their best form for the games. The team would start with warm-ups, would then practice their moves, and would finish the day by working out with weights. To make sure they were at their very best, they even practiced on Saturdays. All the hard work paid off and they finished the year with a 12-11 winning season. The team was glad to get a new coach and were pleased with her performance. The entire team feels that she did really well, especially when it was her first year of coaching. Dana Chang, who was the leader of the team, made 1st team All Conference and all Area volleyball team and was vital to the team along with fellow teammate Jenny Hug, who made 2nd team All Conference. Karen Neier and Missy Hollenkamp were also vital teammates and Missy received honorable mention. The girls gave the season all they had and made their hometown proud.

SPORTS 91
The Junior Varsity Volleyball Bulldogs season started off on the right foot. With many long and stressful practices everyday, the Junior Varsity Ladies worked directly with the Varsity. The hard work and effort paid off in the long run. With the new head coach looking on, Ms. Ann Egleton had a winning season. These Girls were the unsung heroes of the Varsity team.

The junior varsity team accomplished their goals this year. They became a major part in motivating the varsity team. They successfully prepared the varsity team for a .500 victorious season. The job of the junior varsity team is to prepare players for varsity. Hopefully it is a goal of all junior varsity girls to eventually become a varsity starter. Next year they will have to replace three varsity starters. These Bulldogs have what it takes to cut varsity and to go on to a winning season next year.

Through hard work and dedication these junior varsity Bulldogs won't stop till next years season. Even then they can aspire to reach and expand to new heights and goals. That's what will make these girl bulldogs, Lady Bulldogs.

Thanks to Mr. Joel Hawkins the '92 Girls Tennis team received the nick name "The Rockin' Tennis Team." The practices didn't seem so tough thanks to Tina Driscoll with her radio and dance lesson. The team perfected the Electric Slide during one of the practices. The girls started off with another new coach, Mrs. Taree Kostelac, who took on the responsibility of the girls tennis team. The team's only freshman, Jamie Aussiecker proved to be a great team member who had more wins than losses. At the HHS invitational a few of the girls won well earned trophies. Many of the girls worked hard and their determination paid off by getting to go to sectionals. In singles there was Tina Driscoll and Jamie Aussiecker, in doubles there were Carla Weber with Karen Plocher and Kim Wessel with Jenny Meridith. The J.V. may not have always gotten to play but they were there cheering for Highland. One of the varsity girls quoted "We couldn't have done it without the support of the J.V. girls" The Seniors made up the majority of the team and they will be missed.

"I can't believe I am running this much out of my own free will." This was a thought that went through many of the 1992 HHS Cross Country runners' minds, but it didn't stop them from running. Both the girls and boys cross country teams ran like it was the end of the world. There wasn't anything that was going to stop them.

The HHS Boys Cross Country Team also had a great year. The boys were Mississippi Valley Conference Champions for the first time since 1975. The boys didn't qualify for State as a team, but Kyle Kombrink qualified as an individual. The boys ended up ranked #2 in the Metro East, behind East St. Louis Lincoln.

Overall the entire HHS Cross Country Team did very well. They are going to be remembered for years. What a season!

The girls who ran on the State Team were Janelle Torbit, Kari Rehberger, Laura Buss, Jesse Kamm, Jenny Gilbreth, Sarah Thurmond and Laura Tebbe. This was quite an accomplishment.

The HHS Girls Cross Country Team had an excellent season. They finished as the #1 team in Southern Illinois. They also ran as a Class AA State Final Team for the first time in school history.

Stop!! Wait a minute! A season with seventeen wins, two losses, and one tie, that's a pretty miraculous accomplishment, in any sport. The Bulldog's golf season was its best in ten years. The two losses came from the conference rival, O'Fallon. The O'Fallon Panthers were rated number one in the area, won the sectionals, and placed eleventh in the state. The only tie was delivered by Mascoutah, which had one of their finest seasons ever.

The season was started with a win against Granite City, a team that went on to state competition. In tournament play Coach Jeff Faulkenberg said that he couldn't have been more pleased with his team's performance with a third place finish at the Greenville Invitational, third in the Edwardsville Invitational and second place in the conference. They also finished a close fifth place in the regionals, where only the top four teams advanced to sectional play. Highland finished two strokes from fourth place and six strokes away from first place.

The golf team had a very successful season this year. Through dedication and hard work, the Bulldogs showed they had what it takes to be true winners.

The Varsity Basketball Bulldogs finished the season with a final record of fourteen wins and twelve losses and had a conference record of 7-4. A couple of the season's highlights are listed in the following paragraphs.

Beating O'Fallon is always nice, but this season the Bulldogs doubled their pleasure by beating the Panthers twice. Highland won the December meeting 61-56 in Highland and they beat the Panthers at O'Fallon 64-62 in overtime in the final regular season game. This win included Chad Moss making a fifty foot shot to end the first quarter.

The Bulldogs played in the Nashville Invitational for the first time this season. They lost by two points to eventual tourney champion Gibault but came back to win the consolation title of this tournament. All-Conference Award winners were Andy Wilson first team, Mike Hayman second team, Chad Moss honorable mention, Jim Shemwell honorable mention. This outstanding Bulldog team was coached by none other than Mr. Jeff Faulkenberg and assistant coach Mr. Ron Moss. Wilson lead the team in points, steals, and assists. Hopefully next year will bring more triumph and prestige to the Bulldog team!

The Freshman and Junior Varsity Boys basketball teams were clocked at top speed for the 92-93 schoolyear as they made their way with more wins and fewer losses. The Freshman Bulldogs won their first game in a home victory against Wesclin. Freshman Joe Hoffman balanced a comeback score with 11 points. Even though Wesclin managed to outscore Highland in each of the last three quarters, the Freshman Bulldogs won 42 to 34. Coach Doug Bradley was quite pleased with their first game, and felt the team played within themselves.

They even beat Roxana 87 to 37 toward the end of the season. The Freshman Bulldogs played a good season, winning 9 games and only losing 8 games to their opponents.

The Junior Varsity Bulldogs won their first game when they beat Vandalia 57 to 45. They scored a high of 71 against Edwardsville who lost with 60 points. It was close, but the Junior Varsity Bulldogs won 9 games and lost 8. Although the Bulldogs lost 45 to 46 in their last game to O’Fallon, they played a good season bringing home many victories.

Describe how the season was for you?
"It was a pretty fun year."

One word...WOW! The 92-93’ cheerleaders did something no other cheerleaders have done before. For that matter, what no other SPORT has done before at HHS. They gained the respect of the entire state on March 13, 1993. The state crown was theirs.

With the leadership of six veteran seniors Dana Chang, April Rieke, Kelly Cunagin, Jenny Hug, Sara Weiss, and Lori Koch the squad proved their supremacy.

Despite a disastrous tumble by junior Brandy Martinez, the girls finished second at Illinois State Fair in August. The squad didn’t just compete in state-wide competitions, but on a national level, taking home the eighth place trophy. Continuing the HHS tradition at regionals, the girls claimed first place for the third straight year. From there they traveled to Normal, Illinois to take the first state reign for any Highland sport.

The squad was highly honored after their trip back to Highland. A parade was held to congratulate the girls on their hard work. They were also recognized by an ABC Primetime News special, in which the entire Bi-state area was able to witness the state winning routine.

Cheerleading is not all fun and games. It’s a lot of hard work and a lot of pain. Some people don’t like us and some people do. Some people appreciate what we do for their school. We yell, we do cheers, we even do flips. And when we dance we shake our hips. I’ll never forget when we won state. The feeling was so very great. Our squad was very unified. We laughed together and even cried. I wish all the seniors didn’t have to leave. But you have to move on, that’s what I believe. I’ll always remember the year 1992. It was the best year I’ve ever been through.

The Lady Bulldogs jump started their season this year. Hard workouts, hours of practice, and a lot of teamwork is what made these ladies successful.

Overall the Highland Varsity Ladies had 14 wins and 12 losses. Yet they finished second in the conference. The ladies’ season ended when they lost to Centralia in the championship game of the regional.

Kari Rehberger was the most valuable player on the basketball team. Kari made All-Tournament teams and All-Conference first team. She made the Belleville News Democrat All-Area Team. Kari also was selected to play on the AA All-Star Team at McKendree College. Kari’s academics also were recognized in the St. Louis Post Dispatch for Scholar Athlete.

Erin May and Janelle Torbit both made All-Conference Honorable Mention and Honorable Mention for the Belleville News Democrat. Stephanie Holt and Jill Cryder both won the Regional Three Point shooting contest. Kristi Ottensmeier advanced to the State Three Point contest.

The Junior varsity and Freshman girls basketball teams at HHS each had a very successful season. Their practices, which involved lots of running and different types of drills, were all neverending and tedious. All of their hard work really paid off in the end.

The Junior Varsity girls basketball team ended with a 15 and 3 season and were 6 and 0 in their conference. The girls were the Junior Varsity conference champs, and were undefeated.

The Freshman girls also had a winning season. They ended with 7 wins and 4 losses. They also finished third in the Collinsville Tourney, their only loss was to O’Fallon. Kelly McMillan and Gina Martin helped to motivate their fellow teammates.

Coaches Rich Kantner, Theresa Tucker and Dawn Steiner were quite inspiring to the girls. Their patience and understanding really helped to keep the girls motivated and working hard. The future of the Lady Bulldogs looked bright in the hands of these players and coaches.

If it's a Saturday Night Ride or maybe a Half Nelson, either way the Highland High School wrestling team will kicked butt any time of the day. To just watch the wrestling team practice is a phenomenal experience. The determination in their eyes could scare any opposing team. The grapplers duel meet record was 14-6, the fifth best in Highland High School history. In the last five years, they've won more duel matches than any other five year period in the HHS. In the words of Jay Weiss, "This season got the 'Weiss Seal of Approval'". Highland took the conference by storm with Jason Stone, Tim Wells and team captain Keith Ripperda all placing first. An elite few went on to sectionals, Roger Pfister, Mike Barber, John Livingston, Jason Stone, Tim Wells, and Keith Ripperda. Jason Stone and Tim Wells led the way by holding the title of "Regional Champs". Sectionals held a hardship for the HHS wrestling team when no one proceeded on. There were a few wins but not enough to send anyone to state. All in all, the 92-93 wrestling Bulldogs had quite a driving season.

Tim Wells nails his opponent to the mat.

The Bad Boys Of Wrestling.
"Attention, the girls softball game for today has been cancelled and will be rescheduled at a later date." This was a common occurrence in the softball season. Overall for the season there were 10 rain outs. Many people thought that the girls were lucky if they got to play a game at all. Of course, in the end they played quite a few games and they gave each game the best effort they could. But, what else could we expect of a softball team that comes from Highland High School? The Varsity team girls were coached this year by Mrs. Gina Hirsch, the biology teacher here at Highland High School, as usual. Mrs. Theressa Tucker coached the Junior Varsity team as well. The softball season for the spring was 6-12, and they placed 3rd in Conference. The award for Best Defensive Player was given to Nicki Frey, while the award for The Best Offensive Player was given to Jackie Brown. Even though it wasn't a winning season, no one can be upset at a team of class A girls that work as hard as they could and coaches that give 100 percent so that their team can be the best they can.

Left Katie Ferguson sprawls out comfortably to mentally prepare for a softball game.

The 1993 Tennis Bulldogs were not as successful as they have been in previous years. Coach Larry Iftner's season concluded with sectional play.

The Highland Baseball Team, coached by Joel Hawkins, turned in an outstanding season. They were 20-9 in regular season and advanced to the state sectionals where they were run off the road by Belleville West in a close 3-5 game.
And I want to RUN it all night long... Not just a twisted lyric from a popular song, but maybe, just maybe an inspirational thought in the minds of the members of the 92-93 Runnin' Bulldogs boy's track team. This team started out hot on their feet and ended up even better. They saw their goals in the future and ran straight for them. Their season highlights included receiving a first at the Collinsville Invitational and the Greenville Relays as well as the Madison County Championships. They also placed 2nd in MVC and tenth in sectionals.

In The Madison County Championships seven team members received firsts. There were also four Runnin' Bulldogs that placed first in MVC, and they include Jimmy Shemwell, Aaron Nehrt, JR Larsen, Russ Gall, Ed Tomlin and Tetsuya Yamamoto. In addition to these team and individual accomplishments there were quite a few school records set. Larsen set the record in the 110M High Hurdles and the 300M Intermediates. Also this was the first team ever to send a relay team to state while setting a school record. The members of that 4 x 800M Relay team were Nehrt, Tomlin, Gall and Kombrink.

SPORTS 125
Rack up another great year for the HHS girls track team. They ended the year with an overall record of 82 and 10. They had a record of 15 and 0 in the dual/quad meets, undefeated for the 3rd year in a row. The girls were the Hazelwood central relay champs for the 2nd year in a row. They were also Madison county champs for the 16th year in a row.

As far as individual success went, several of the school records were broken. Sarah Thurmond broke the long jump record with a jump of 16 ft. 11 3/4 in. Dawn Frey broke the discus record with a throw of 127 ft. 10 in. Laura Buss, Kari Rehberger, Jessie Kamm, and Janelle Torbit broke the 3200 meter relay record with a time of 9:50.7. The All Conference players were Laura Buss, Sara Capelle, Dawn Frey, Kari Rehberger, Sarah Thurmond, Janelle Torbit and Lisa White. 2nd team was Jessie Kamm, Karen Neier, Laura Tebbe, Sarah Warner, Keri Weidner and April Wilson. Six girls qualified for state, they were Dawn Frey, Sarah Thurmond, Laura Buss, Kari Rehberger, Jesse Kamm and Janelle Torbit. Dawn Frey was 7th in state for shot put.

The future girls track team will have quite a standard to live up to.

It rushed through the year with a resounding roar. It made you laugh, cheer, and cry. What, you ask? History, of course! For the first time in years, there were three political candidates running for president.

The U.S. elected the first democrat since Jimmy Carter - Bill Clinton.

Vice President Dan Quayle ripped on TV's Murphy Brown for having a child out of wedlock. Come on, Dan, it's the 90's. What a rockin' year in history!

Below: The candidates smile as the U.S. watches wide-eyed, wondering who will win the election.
Below: Jay Leno became the new host for The Tonight Show, taking over Johnny Carson's place.

Below: Jesse Kamm explains that when you weigh the interesting events of the 1992-93 school it was a pretty good year to be a senior at HHS.

Right: Chad Keeven, adamant republican, turns his back on the election of a democrat.

When I was younger, I had a friend.
From the beginning to the end.
Nothing could separate Chad and I.
Playing in the sand, pretending we could fly.
Playing football and arguing with the winner.
Then making it home for five o'clock dinner.

I'll never forget the times we shared.
You were my friend and I always cared.
Someday we'll both be together again.
But only time itself can tell us when.
You were always loyal and always smart.
And the memories will always remain in my heart.

Growing up with you was the best.
Your great big smile stood up to the test.
You were energetic, full of life, and quite a jest.
As you got older, your interests were new.
It seemed that trucks and cars were you.
You had pulled your life together and knew what to do.
You were loved so much by all your friends.
When you left us, it felt like our lives would end.
We know you wouldn't want us to be sad forever,
so we go on and we won't forget you, never.

Above What is your biggest fear? Sharla Korte gives a typical freshman answer. Her biggest fear is snakes. The only logical thing to conclude is give her a few more years in high school and she'll have a bigger one!

Melanie Hawks chews leisurely at her finger as she sits in her pajamas in the high school library!
Would you go on a blind date and what would you expect to do? Laura Rosinski replies with a resounding yes. She expects nothing crazy just a movie.

What is your dream car and why? A GMC Sierra cherry red, flair side four by four, states Sarah Warfield, because it has power.

What do you miss most about being a kid? Surprised by the camera he answers getting away with things says Kevin Reynolds.

I pass my time with strangers
But this bottle's my only friend
Remember when we used to park
On Butler Street out in the dark
Remember when we lost the keys
And you lost more than that
in my backseat
Remember when we used to talk
About bustin' out -- we'd break their hearts
Together -- forever
Never say goodbye, never say goodbye
You and me and my old friends
Hopin' it would never end
Never say goodbye, never say goodbye
Holdin' on -- we got to try
Holdin' on to never say goodbye
Remember days of skipping school
Racing cars and being cool
With a six pack and the radio
We didn't need no place to go
Remember at the prom that night
You and me we had a fight
But the band they played our favorite song
And I held you in my arms so strong
We danced so close
We danced so slow
And I swore I'd never let you go
Together -- forever
Never say goodbye, never say goodbye
You and me and my old friends
Hopin' it would never end
Never say goodbye, never say goodbye
Holdin' on -- we got to try
Holdin' on to never say goodbye
I guess you'd say we used to talk
About bustin' out
We'd break their hearts
Together -- forever

Racing For

Well, another year has come and gone, and along with it went the seniors. Although most of the seniors couldn’t wait to move on to a new stage in their lives, some were saddened by the fact that it was all coming to an end. “I can’t believe it’s over, but I’m a little glad. I miss it, but I wouldn’t go back.”, is how Chuck Zweck put his sentiments. Hopefully all the seniors can look back on their high school years as a time of many successes.

Those who would definitely look upon their past four years with pride were the valedictorians: Mike Thiems, Casey Robards, Scott Foehner, and Sean Mannion. The saluditorians of the Class of 93 were Laura Eversgerd, and Ryan Watson. In addition to the Valedictorians and the Saluditorians many of the seniors were honored with awards at this years awards ceremony. Among those who were honored were Stephanie Edminston, Karen Neier, Russel Gall, Amy Diesen, Chad Keeven, and Kari Rehberger. It was a successful year for the seniors and hopefully they will have many more.

Congratulations Ryan, we’re proud of you and wish you success as you begin your college years. We know you’ll accomplish all your goals for the future.

Love Always,
Mom and Dad
Tim, Caroline, and Melanie

Dear Amy,

You have filled us with pride and joy throughout your entire life and we thank you for the wonderful, warm memories you’ve given us. We congratulate and applaud you on a job well done and wish you everything wonderful in your next challenge — and in your whole life. We will miss you horribly and will always be here for you.

We love you very much.
Dad, Mom, and Julie

Sara

We are so proud knowing that you will work hard to achieve your goals. The happiness of your graduation is only dampened by the fact that you will leave us to attain these goals.

Love,
Mom and Dad

Gail,

You were born to be a winner.
There is no way that you can lose,
You just hang in there and whistle,
When you’re bothered by the blues.

When someone disappoints you,
And you’re crying deep inside,
You just somehow grin and bear it,
And your heartaches always hide.

You don’t run to catch a rainbow,
But the pot of gold you find,
When you stop to smell the roses,
You’re a winner, every time!

We love you every minute of every day.
Mom, Dad, Mike, and Sandra
Russel Gall

May your future bring you happiness, success in whatever you may do. We are very proud of you Russel.

Love,
Mom, Dave, & Jennifer

Karen Reidelberger

The last 12 years of school have went very fast, and we want you to know how proud we are of you, and all you've accomplished. We know you'll go far in life. Lots of love and happiness along the way.

Love
Dad, Mom, Chandra, Jenna

Stephanie Edminton

You have touched our lives since the day you were born, bringing happiness to both of us. There is no limit to what you can achieve.
You will be great. You are great now. We feel you were a gift from God.
Our star that 'sparkles' always.

Love Forever,
Memaw and Ghampy

Good luck shuckums, let God be your guide in whatever you do.

Love,
Mom

Way to go Scott!
We are very proud of you.

Mom, Dad, and Jill

Chris Ammann —
Congratulations Chris!
You've made us very proud of you the way you have done so well in both academics and sports. We know you will as all your hopes and dreams become reality. You're off to a fine start.

We love you very much!

Love,
Mom, Dad, Sara, and Kevin
Dondee,
May your future endeavors be as rewarding and as much fun as your high school years. We're proud of you "Shorty".
