“Oh my gosh, I almost died!” This was the one phrase every journalism staff member will always remember after their bus caught on fire. The class was on its way to St. Louis to learn how to put the book together and how to make it interesting. However, they never reached their destination, but ended up returning to school for the workshop/field trip. This was concluded by watching movies, pigging out on food, and working on yearbook techniques (NOT!).

Each year, the yearbook is gradually put together by a new group of “Newsies” with its own unique personality. These students must work extremely hard to meet deadlines and sell ads to raise money for the yearbook. Such things as drawing layouts, writing copy, and choosing the theme are the hard jobs these individuals hold. However, there are the fun things such as taking pictures, celebrating birthdays, and finding the picture-perfect moments in the school that the students enjoy. Of course, the journalism staff was always on its toes trying to cover all the events and interesting things other Bulldogs were doing.

“We’re going to rock, rock, rock till broad daylight.” Homecoming week definitely rocked HHS in 1993. Everyone looked forward to being involved in the weekly activities. A beach volleyball tournament, Toga Day, 50’s Day, and Bulldog Day were only a few of the exciting events leading to the “Rockin’ the Night Away” coronation ceremony and dance. The school got psyched up for the big game as it brought the school week to a close. The Highland Bulldogs played the Roxana Shells, and it was certainly a game the school won’t forget with a 42-0 win over the Shells. When the game was over everyone focused on Saturday night’s dance. The suspense built as Special Maid, Stephanie Holt, and Special Escort, Aaron Nehrt, were named. Then came the big moment when the king and queen were crowned, and the winners were Rich Zimmermann and Lynn Glassmaker. Homecoming Week of 1993 had officially come to an end, and everyone started to recover from “Rockin’ the Night Away.”

**Far Above:** Queen Lynn Glassmaker helps King Rich Zimmermann celebrate his birthday. **Above:** Carolyn Schmidt, Lisa Hemker, Katrina Buhmann, and Nikki Meyer stick together during their senior homecoming. **Above Right:** “Hey everybody, let’s party!” exclaims Kelly Gruenenfelder at the coronation. **Above:** It takes a lot of time to prepare for the big dance, but it looks as if these girls are ready to “rock the night away”.

What was the area down the dark hallway past the study hall room called? That was referred to as *Sacred Ground* to many students in HHS. The area wasn't the cleanest but it certainly was productive. Many different classes were taught in the area including Horticulture, Agriculture Science, Agriculture Mechanics, Introduction to Agriculture, and many others. It all ran smoothly under the direction of the new teachers, Mr. Larry Jones and Mr. Don Schmitz. Horticulture planted flowers around the school to improve the looks. They also landscaped an area around the junior high. The other ag classes helped to build sheds for Mr. Barry Thomas and Mr. Larry Jones. The metals classes built things for themselves and were graded on their skills. With the new agriculture teachers the 1993-94 school year was an interesting experience. While the teachers taught the students new things in the classrooms, the students showed the teachers the ropes around the area many referred to as *Scared Ground*.

They draw, they paint, they design. They were the *Sketch Artists* of Highland High School. The HHS Art Department, supervised by Ann Pastrovich, had a very talented group of students. When the annual Art Fair came around in March many creative pieces of art work showed up. The art fair was also the host for many of the elementary school art projects. These projects were displayed around the media center. The Art Department always had a fun time creating and drawing projects for the art fair. They also enjoyed the time they spent making wonderful craft items to be sold at the art fair held at the end of the year.

Below: Sarah Warner pecks away at her keyboard. Far below: Mike Hayman listens intently to the little known facts of the business world.
Everyone has heard about the Tom Cruise scene in *Risky Business*, but at HHS there’s no risk involved in taking business classes. Classes such as Computer Concepts, Keyboarding, Accounting, Business Law, Consumer Education, Info Processing, and Office and Marketing Occupations and teachers like Mrs. Cheryl Wolfe, Mr. Ted Cipicchio, Mr. Jeff Faulkenberg, and Dr. Arlen Baker kept all business students on their toes.

CLICK, CLACK, SCRITCH, SCRATCH... The halls around the Business Department echoed with the sounds of clicking computer keys and the scratching of pencils. Whatever the case, the Business Department prepared its students for their bright futures.
Below: John McGinley and Heather Plocher review for a test.

Above Right: The class discusses what they'll do when they have their licenses. Above: Mr. Stillwagon thinks about getting into a car with his students. Right: What the board looks like after a safety class is over.
Driver's Education was probably one of the most important classes to any HHS student. It gave them the opportunity to drive an automobile. In other words - *A License To Kill*. Just the thought of a new driver sends shiver's down anyone's spine. Anyone who has taken the class can still remember the movies "Decade of Death", "Anytime is Train Time", "Blood on the Highway" and various other lectures about death and destruction.

Mr. Frank Stillwagon took great pleasure in molding the over-aggressive minds of his teenage students. For drivers-to-be this was one of the top classes to pass because driving is a privilege and was taken very seriously at HHS. Someday students may think back and remember what they learned and will probably improve their skills because of it.

Each and every day at HHS, English students experienced new and different literature. They explored the exciting world of grammar and vocabulary. They wrote term papers and essays and did challenging projects. They read the works of the “dead poets” like Frost and Dickenson and watched the Hollywood versions of “The Great Gatsby”, “To Kill A Mockingbird”, “A Separate Peace” and Shakespeare’s plays.

The English Department welcomed a new teacher in 1993 and Mrs. Kelly Seymour said this about her first year at HHS: “My first year of teaching is like being a mosquito in a nudist colony. There’s so much to do that I just don’t know where to start.”

“It was the best of times; it was the worst of times”, but the HHS English Department helped its students enjoy and understand the wide world of English.

"Hablas Espanol." "Je'n compromd pas Espanol. Je parle francaise."

Even though Spain and France were far away from HHS, Highland students still enjoyed learning about different languages and cultures. The French and Spanish Clubs planned many activities for the 93-94 school year. The Spanish Club went to the St. Louis Art Museum in the fall to look at exquisite Spanish and Mexican pieces of art. Afterwards they went to have lunch at Casa Gallardo, a Mexican restaurant near St. Louis. Late in the spring the Spanish Club was entertained by real Spanish dancers. Afterwards the group headed over to Union Station and had lunch at Ramon's.

In the spring, the French Club went to historical St. Genevieve, Missouri. That was where the club members were given a tour of French-style houses that were over 150 years old, and they also got a historical lesson of the town. During that field trip, the students spent lunch together, eating chicken crepes, a French cuisine. After the meal everyone cleansed their palates by taking a trip to Dairy Queen.

Both clubs took part in the yearly foreign language week and prepared breakfast for the faculty. In 1993-1994 the foreign language department was a fun and exciting place to be.

Where was the one place where students went to get college information, talk to a counselor, watch fish swim, change semester schedules, and get a band-aid? It definitely would have been the Guidance Department, which acted much like the production crew of a movie. In the guidance office Sherry Thomas, Cary Ittner, Dale Schmalz, and Terry Frey all worked together to keep students on the right path and seniors caught up.

Within the guidance office was also Dorcus Fisk's office, which is where the band-aids were kept. **

I need to go on a diet, I'm too fat." or "I should take better care of my body." These phrases were not only in Hollywood, but also in the halls of H.H.S. Mr. Rich Kantner and Ms. Jody Harrison were in charge of making sure the students learned how to do these things. Health class was a required subject of all sophomore students. During the semester, the students were taught about how to eat healthy, about different drugs and their effects of the body. This class also allowed the students to become certified to perform CPR, and it taught them other life saving measures. Sarah Korte commented, "I didn't like to put my mouth on the mannequin!"

Home Economics is where students learned how to cook, sew, be a good parent, and live in the real world. In sewing, many students learned things from how to sew a button on to how to make their own clothes. In Parenting and Child Care people learned how to care for a child. They also brought in younger children and babies and learned how to care for them. In Foods and Nutrition students learned how to make different foods, such as a Thanksgiving dinner and a barbecue in the spring. These classes were taught by Mrs. Linda Plett and Mrs. Erlene Bretzlaff. These classes were designed to help HHS students later on in life.

Little Shop of Horrors might have been what industrial Art teachers, Mr. Pete Tucker and Mr. Larry Jones, thought when they handed over expensive or lethal equipment to some of their students. The Industrial Arts program at Highland High was one of the most complete and comprehensive programs in the area. The program educated and trained students for whatever career they chose to enter after leaving high school. It also prepared them for college classes. It may have been A Little Shop of Horrors for the teachers but the students got a lot out of it.

Where were the Young Einsteins in 1993-1994? Why, in the Math Department, of course. Every HHS student was required to have three math credits to graduate, so the Math Department was a popular place. In math, students learned important mathematical skills that will help them later in college or in the work force. Besides learning these important skills, if students took Algebra II with Mr. Larry Ittner they would also learn about history. "20 years ago..." was Mr. Ittner's favorite saying, which added humor to his classes and made the students think. Every math teacher has his or her own way of making their classes interesting for the Young Einsteins.

52 DEPARTMENTS
"And first prize goes to Highland High School!" These were the words from the announcer at the Gator Bowl Awards Dinner in Jacksonville, FL. For the first time in a long while the band and flag corps placed in a national competition. The *Sounds of Music* made 1994 a year to remember.

1994 proved to be a year of quite a few firsts. The new choral director, Mr. Joe Young, brought plenty of new things to H.H.S. He put together a Chamber Choir and a girl's choir called Nuthin' But Treble. He also directed the musical *Oklahoma*.

All of this plus Concert Choir, Treble Choir, and Cadet Choir.

Ms. Melissa Grygiel was very busy also. Early in the year she began to plan a band trip to the Gator Bowl. In December, 150 band members and chaperones loaded buses at 4:00 A.M. and headed for Florida! Symphonic and Concert Bands, Pep Band and the Pit Band for *Oklahoma* kept all members busy too. 1994 was a busy and exciting year.

P.E. —for some people it was a time for socializing but for others it was a time to get in shape. No matter what time it was, P.E. offered many great sports for all. Sports like floor hockey let students play as hard as they wanted, or stand next to their best friends by the goal. But they couldn’t let Ms. Jody Harrison, Mr. Frank Stillwagon, Mr. Ted Cipicchio, or Mr. Rich Kantner catch them checking their enemy into the wall or they would be running lots of laps around the gym.

Every spring the P.E. class took one day out of the week for about four weeks to go bowling. While the others are bowling, the Conditioning P.E. class took to the track field to get in shape for the sports to come.

Weird Science like Chemistry, Physics, Biology 1 and 2, and General Science: no matter what the interest, there was a science class to fill any student's science fiction fantasies. Many neat things happened in the Science Department in 93-94. The chemistry class went on a field trip to the Science Center and Shell Oil Company, while the physics class opted for field trip to Six Flags to see real-life applications of physics. (NOT) To fill the time between field trips, the brilliant teachers Brent Grodeon, Jim Meyer, Christina Grodeon, Gina Hirsch, Jodie Fischer, and Brad Hyre enlightened the minds of students with the many strange mysteries of science.

Tell me how much you know about J. F.K. and what you don’t know, I’ll teach you.” This phrase was often heard ringing through the rooms of the Social Studies Department. As many students studied the past in 1993-1994, the Social Studies Department began a promising future with the addition of Mr. Henry Vogelman. “I ask Ms. Kay what works in her classes and then use it in mine,” laughs the young Mr. Vogelman when asked about his teaching methods. Mr. Holt, Mr. Moore, Mr. Lanxon, and Dr. Singleton also added their knowledge to the department.

With this knowledge of J.F.K. and other important people and places of the past, Highland High students will be assured of a rewarding future.

ORGANIZATIONS
The art department was filled with many activities this year. One activity that was brought back to life after a few years of rest was the Art Club which came back strong with flying Colors. With the return of the Art Club came many fun activities for its members to take part in. The Art Club supported many activities such as the Christmas tree decorating at the Highland Home. They artistically trimmed the tree with colorful bows and lights. The Art Club returned in 1993-1994 and will be back again next year stronger than ever.

CO-OP was a work program for HHS seniors that offered many students the Career Opportunities to work at a job that will help them in the future. Many students left school early to go to jobs at different businesses in Highland such as B-Line, Nutri-Basics and Korte Construction. CO-OP also raised money for their trip to Chicago where they competed in business education competitions. CO-OP students got a good chance at some Career Opportunities.

The HHS Ecology Club was for students who wanted to help save the earth and recycle. These students took numerous trips. They visited Valmeyer, a local town that was destroyed when the Mississippi River Ran Through It. They also went to the Fourth Annual Illinois River Watching Project in Peoria to see different ways to help recycle and learn more ways to preserve the planet. The Ecology Club also attended a concert given by Jack Kaufman who is an environmental entertainer. The HHS Ecology Club was a caring group of students who desired a better earth for the future.

Parlez-vous française? Oui oui mon sieure. Did that sound like *An American In Paris*? In the summer of 1994, some of the French Club members went to France to visit Monaco, the French Riviera, Genevieve, Paris and Versailles. This was the first time that HHS students have traveled all the way across the world to Europe. The French counsels for the year were Mike Hayman, Michelle Gillespie and Kevin Chen. The HHS French Club allowed some of its members to be *An American In Paris*.

FCA was the Fellowship of Christian Athletes. The Highland chapter of FCA became a very popular group in 1993-1994 after being started a few years earlier. The Girls' FCA was headed by Mrs. Lesa Geiger and the Boys' FCA was headed by Mr. Joel Hawkins. Even though the two groups were separated, the meetings and lock-ins were very similar in that the students talked about religion and how it affected their lives. The HHS FCA believed that All Dawgs Go To Heaven.

The Highland FFA (Future Farmers of America) club Struck It Rich in 1993-1994 as they acquired two new advisers, Mr. Don Schmitz and Mr. Larry Jones, helping make the club a success. The members competed in many contests for dairy, livestock, soil, welding, mechanics, and record books. In November, the officer team went to the National Convention in Kansas City. During FFA Week, new members were initiated by having their hands dyed green. Other days of the week were Blue and Gold Day, Western Day, Camouflage Day, Truck and Trailer Day, and Overall Day. They also had an FFA member auction. At the annual banquet, many awards were handed out. Greenhand was Jeremy Knebel, Chapter Sweetheart was Jessie Winet, the John Wessel Award went to Steve Ellis, and the Jason Gilley Award went to Todd Hemann. The Danny Reinhardt Award was started this year in memory of Danny. It will be given to the top officer each year, and in 1994 Jared Frueh received the award.

There was a tremendous need for blood in 1994 and as usual, the Future Medical Careers Club (otherwise known as the FMCC) held its annual blood drive and helped to lessen the need. FMCC raised over 100 pints of blood for the St. Louis area. In addition to the blood drive the FMCC took a field trip to the St. Louis Hospital so that the club members could become more acquainted with their field of study in order that one day they may be the future Doc Hollywoods.

What exactly is J.E.T.S.? J.E.T.S., otherwise known as the Junior Engineering Technical Society, was a group of HHS students who were the Top Guns in their math classes. In 1993-1994 one extremely bright young man, Adam Sievers, went on to compete in a state competition because of his overwhelming math skills. Many HHS students competed in tests about math. The HHS J.E.T.S. were involved with such things as a spaghetti bridge building contest and many members helped out with the annual Math Fair proving they were the Top Guns at HHS.

Who are those wonderful people who helped the students of HHS in the library? They were the Library Club under the leadership of Mrs. Jenna Highlander and Mrs. Gail Braundmeier. In the 1993-1994 school year the Library Club members were always there to help students find materials, check out books and copy items. They also sponsored the National Library Week which included a Top Ten Books vote, a breakfast for the members of the Library Club, free book marks when students checked out books and a Read-In. The Library Club was an asset to HHS.

In 1994, the LifeSavers flavors changed and so did the club. LifeSavers was a club intent on leading a drug and alcohol free lifestyle while being a support network for the high school students. In 1993-94, the HHS LifeSavers group was more liberal than it had been in past years. This included changes in the training schedule. In the past, both the winter and spring retreats were devoted to new members only, but in 1994 the old members were recognized too. It was decided that members often need retraining to keep their LifeSaver skills sharp, so the spring retreat was mostly devoted to the senior members. Though HHS was far from Australia, the HHS LifeSavers could have been considered Rescuers Down Under.

"To be or not to be..." That was another famous question by the author of *Much Ado About Nothing*, William Shakespeare. In 1992 the Literary Club was born. It was a group of students who decided to display HHS's innovative and creative minds. The members of the Literary Club felt compelled to make *Much Ado About Literature*. Unfortunately, no booklet of poems, short stories and essays was published in 1994. Due to the lack of interest by the members, president Emily Stokka and advisers Mrs. Linda Nelson, Ms. Patti Swank and Mrs. Susan Martz had to stop the presses.

Above: Kristine Kobylinski, another Peer Board member, says "Hey! Don't take my picture!" Left: A group shot of the LifeSavers. A League of Their Own—The National Honor Society members were exactly that. This organization recognized the academic achievement and high quality of leadership in students during two induction ceremonies during the year. These students then assisted with College Career Night and the 8th Grade Orientation at the high school. The 1993-1994 NHS also worked on service projects during the year. NHS donated money for the flood relief to Valmeyer and planned on helping with Special Olympics until it was canceled due to inclement weather. The NHS held their annual Daisy Day in May so that students and teachers could buy flowers for their friends. Remaining in A League of Their Own took a lot of work, but these students carried it off with poise.
BUZZ—“Correct!” Watching Scholar Bowl was just like watching Jeopardy; the only major differences were that the students were working together as a team and Alex Trebec was nowhere in sight. Both the Varsity and J.V. squads fared well this year proving that they were Real Geniuses. The group participated in two Knowledge Master Opens, which is a nationwide contest, and they went three rounds at the Masonic Tournament. One strange happening was that the team missed sectionals. The students couldn’t leave the parking lot because Mrs. Probst accidentally ran off the side of the road. The squad was extremely young this year, but Ms. Kay commented that there is great potential in the sophomores to do very well in upcoming years.
A River Runs Through It was a theme for this year's Science Club. Many of the members helped with the Flood of '93 victims in Valmeyer and other surrounding areas. This support and dedication was just part of the many things the Science Club does. The officers included Erin Keeven, Shannon Coley, Christina Lienard, Linda Genczo, and Renee Crawford. They are advised by Mr. Brent Grodeon. This club helps to make science better.

Renee Crawford broke out in freckles with the enjoyment of being in the Science Club.

Lynda Barnes is surprised when her picture is taken while trying to study.
LA LA LA LA LA BAMBA!! This was a theme spread widely across the Spanish Club crowd. The Spanish Club is one of the key sponsors during Foreign Language Week. During this week they hold different kinds of contests involving the whole student body. One of these days included wearing a shirt with Spanish written on it. The members of this club are of different style because they not only know the hard English language but they also are learning the Spanish language. So if you ever wondered what it takes to know two languages stop by during a club meeting. Ask what La Bamba means.

O.C. H.D.A. Extemp. Dec. What? Those were just a few of the categories that the Speech Team competed in. The adventurous bunch got up very early on Saturday mornings to drive to other high schools where they recited speeches, acted, did stand-up comedy and read stories and poems. They competed against lots of other schools and many times HHS students broke—in English that means “to make it to the final round.” Led by Ms. Patti Swank, president Quinn Moore, vice president Matt Embry, secretary Shannon Stueber and treasurer Jamie Aussieker, the team spent lots of time after school practicing, listening and critiquing each other’s scripts. Mallory Scott, a winning member of the team said, “I enjoyed the tournaments. They were a lot of fun. I think the team did well, and I hope we can do even better next year.” The HHS Speech Team was a winning example of communication at work as in *He Said, She Said.*

Since the students on the HHS Student Council were elected by their peers, they were definitely a Class Act group of people. They received two thumbs up and five stars from their classmates. HHS students were grateful to the Student Council for making and setting up such activities as the exciting annual Homecoming festivities including the parade, the week full of fun dress-up days and events and finally the coronation and dance. The members of the Student Council were advised by Mr. Ron Holt, Mrs. Christine Grodeon, Miss Melissa Grygiel, Mrs. Jamie Bowen, president Lynn Glassmaker, vice president Aaron Nehrt and secretary Stephanie Holt. The HHS Student Council made the school year go by a little easier and provided the students with a lot of fun things to do. Each member was an asset to their individual classes.
BEEP, BEEP, CHUG, RRR... Deep in the heart of HHS a huge HHT stared out at students. Though there were Batteries Not Included, this was the home of the Technology Club, a part of the National Vocational and Industrial Clubs of America. Six students from this club took part in a state competition. If they passed the written exam at the regional competition in Collinsville, they advanced to state. The president of the Technology Club, Corey Voegele, explained that the club helped the students in the Electrical Drafting and Industrial Orientation classes deal with the changing technology in the world. Other officers are vice president, Doug Spealman; treasurer, Chad Korte; secretary, Ken Garrison; recorder, Kevin Reynolds; and parliamentarian, Kenny Riddle.

1994 was a great year of theater at HHS. With the excellent productions of the fall play "A Company of Wayward Saints" and the spring musical "Oklahoma!", A Star Is Born at HHS. Replacing Mrs. Peggy Oulvey, Mrs. Kelly Seymour directed the fall play along with the help of student director Shannon Stueber. "It was a really good experience. I learned a lot, and we became like a family" said Shannon. Besides the play HHS also produced the exhilarating "Oklahoma!" under the direction of Mr. Joe Young and student director Natalie Driesner. 1994 was a great success with these wonderful productions. Many stars were born on the stages of HHS.

"It was my first time directing. I had such a wonderful cast, that no one knew it. The students were brilliant. The play directed itself" - Mrs. Kelly Seymour.
If people walked down the stairs of the gym and turned to the left, they entered a room where they would find the Hard Bodies of HHS. The room was full of weights and equipment for the students to use to become more fit and health-conscious. The weight lifting room was supported by the Weight lifting Club of HHS. Mr. Steve Lanxon, the club advisor, felt that the main purpose of the group was to promote the athletic teams through weight training. With the help of president Josh Kaburick, vice president Phil Marti, and treasurer Bonnie Ammann, the club supported and took part in many activities. Some of these successful activities were the Lift-A-Thon, Power Bash, and the M.V.C. Bench Press Competition.

In the tradition of "Buffy the Vampire Slayer", the Bulldog football cheerleaders were strong, spirited, and energetic. With the guidance of the new coach, the cheerleaders spent hours practicing their side-line cheers, leading the psyched-up students in cheers at the pep rallies and keeping the crowds pepped up to support the team at the games.

The cheerleaders spent a week of their summer at a camp. Jyl Melosi said, "Camp was hard and tiring, but it was worth it". The others agreed and Erika Michael added that camp was "happy".

In August, the new coach, Cherri Capelle, came in to assist the squad. The girls all thought that Cherri was a good coach who helped them with her new perspective.

The cheerleaders didn't see cheering as a job, they had a lot of fun doing it. "It was fun to watch everyone play. I liked the excitement of the games and the determination of the players," said Anne-Marie Dixon. The girls all said how much they enjoyed being involved with the action. Senior Cathy Voegle commented that, "It was exciting having the Bulldog fans cheer along with us this year for a winning season!"

The shot fired and they were off... in a “Race For Glory”. The cross country team was off to a great start this year with the return of all-state runner, senior, Janelle Torbit, and the entire team of dedicated runners. The goal of reaching state was set at the beginning of the season. As senior Sarah Thurmond said, “It was really hard this year, but all of our hard work paid off.” The team’s dedication showed through as they pushed towards state. The goal was reached and the entire girl’s cross country team and boy’s runner, senior, Ed Tomlin, headed to Peoria to conclude their exploding season. To many, this was the best season yet for the H.H.S. cross country team. “It was the most successful season in my coaching career. A reflection of the character of individuals making up this team... They are gifted people who have accomplished special things,” commented Coach Brad Hyre.

Fore! In a perfect imitation of “Caddyshack”, the 1993 golfers got into the swing of things with their first opponent: Mater Dei. They were led this year by coach Jeff Faulkenberg and returning seniors Jason Smith and Andy Wieduwilt. The Bulldog golfers had a winning season which ended with a record of 13-9 and third place in the MVC.

Dave Kapp was a key player throughout the entire season. He consistently shot low scores, which earned him all-conference honors and the title of ‘leading scorer’ with a 5.2-over-par average. When asked about the season, Kapp said, “The season was a lot of fun. We did better than I thought we would as a team.” Chad Schneider received all-conference honors and award for most improved player.

One highlight of the season was when Jason Smith shot a score of 80 to advance to sectionals. Smith’s accomplishments gave the Bulldogs sectional qualifiers in the third consecutive season. “Our team had a successful year and I feel honored to be a part of it,” Smith commented.

The 1993 football program brought an end to one of Highland's most successful class of players. The senior class left HHS with a record of 31 wins and 5 regular season losses in their four years of play. The varsity team was led by senior captains Joe Stock and Curt Rosinski and Junior All-American Josh Kaburick. The varsity season ended in a loss to Cahokia in class 4A state playoffs which made the bulldogs 7-3 for the year. Even though the Bulldogs were out manned and outsized in all of their games, they managed to win the Mississippi Valley Conference and the Homecoming Game with a 42-0 romping of Roxana. They also handed Jerseyville its only competition loss in the conference.

The 1993 football program consisted of a few undersized overachievers that really made a difference in the Highland High School's football program.

This cadence, from "Unnecessary Roughness", is what set off the season for the Highland Bulldogs JV and Freshmen teams this year. This set the tone for the rest of their undefeated season. Their standing of 8-0 was proof of that! "The boys worked real hard out there. They will be a good addition to next year's team." -Coach Ron Holt

The Freshmen's season was the cause of HHS pride this year also. Their standing of 6-2 was very commendable.

"The boys showed good effort this year and next year they will help make a good JV team." -Coach Joel Hawkins

Marks, who led the team in all offensive categories two-stepped around the opponent to total up 14 goals, 8 assists, and 22 points. He was also named 1st team all-conference by the Belleville News Democrat. Joe Hoffman was the goal keeper for the Dogs and posted a 6.37 G.A.A. (goals against average) and had 3 shutouts. The 1993 HHS girls' tennis team was often “In the Line of Fire” of other teams but retaliated back with “Hot Shots,” giving them a winning season. Even though over half the players were new, with the help of Coach Taraee Kostelac, the girls received 2nd place in the MVC. Highland started the season off slowly losing their first 4 matches because the toughest teams are played then. “After that, we pulled together and stuck it out through the year,” said junior Vicky Weber. They then went on to win five of their last seven matches.

While the team had a lot of success on the court, they also had fun doing the “Boot-Scootin' Boogie.” Highland had a well balanced year which led to an awesome season.

The 1993 volleyball team, coached for the second year in a row by Yvonne Ward, played a great season and had a great team that went for the kill. Highland finished with a series of “sideouts” at the Mississippi Valley Conference, which led to a winner’s record of 4-2.

Yvonne Ward said “The best comeback was when they were down 12-1 against Edwardsville in the first game of regionals, although we ended up losing 15-12.”

This year Missy Hollenkamp was named 1st team all Conference along with Sara Hummel being named 2nd team all Conference. Kelly Zobrist and Annie Braundmier received Honorable mention. Overall, the team had a great season, giving it all they had, and proving they were worthy of the name “Lady Bulldogs.”

Entering the 1993 volleyball season, the J.V. volleyball team had “The Killer Instinct.” Coached by Ann Egleton, the team played outstandingly. They had many returns which made it a fun and exciting season.

One of the best moments and the best comeback of the season was when the Lady Bulldogs won their last game of the season against Triad. The season was filled with great moments, but there were some bad moments including a freshman game with only six players.

Even with the ups and downs of the season the team finished under 500 and had a great time playing on the team. The team played with great enthusiasm and was dedicated to the game. Most dedicated was Diana Rottmann.

Many people thought the 93-94 Bulldogs weren’t going to add up to much this year. People said the team wouldn’t win more than 10 games. WRONG!!! Actually, the Bulldogs played a whole new game and put out one of the better seasons in the past three years. They ended the regular season with an upset win over O’Fallon and began the Regional Tournament with a win over the tough Effingham Heart team. They were the first Bulldog team to get past the first round in three years, but were unfortunately defeated by a very talented Carbondale team in the Regional Championship. The Bulldogs were led in 1993-94 by Seniors Mike Hayman, Aaron Nehrt, Matt Rakers, and Paul Dehner. Other leaders were Jon Gould, Tom Wells, Jeremy Gallatin, and Joe Hoffmann. All these players really stepped up and played a whole new game.

SWISH- This sound was often heard at the Freshmen and J.V. basketball games as the Bulldogs worked for 21-8 and 6-13 records respectively.

The freshmen boys put in long hours of practice and lots of hard work to end the season with a 12-6 conference record. One of the most exciting games for the J.V. team was their win over East St. Louis Lincoln. In this game they had to make an amazing comeback to win. Sophomore Nathan Rueter was named the most dedicated player for the junior varsity squad. Mr. Steve Lanxon commented that he had never had so many players gain as much playing time on a J.V. squad as he did this year. HHS looked forward to great seasons in the future as it claimed pride in 1993-1994.

"Break" - That was a popular phrase heard in *The Air Up There* and on the HHS basketball court this past year. The girls worked hard and it paid off. They ended the season tying for the Mississippi Valley Conference championship. They also set the school record for the most points ever scored by a Lady Bulldog team in a game, 101 points. Four girls were selected for the Girls M.V.C. All-Conference Team, including First Team - Janelle Torbit, Second Team - Stephanie Holt, Honorable Mention - Mandie Schmitt, and Special Mention - Erin May. The intersquad awards were M.V.P. - Stephanie Holt, Defensive Player of the Year - Erin May, and Co-Offensive Players of the Year - Mandie Schmitt and Janelle Torbit. The girls ended with a winning record of 16-11.

OUTSTANDING! The Highland High School Cheerleaders were just that. It was the second time the Varsity squad had won the state championship and the first time the J.V. squad had won the title. One could say that it was definitely "The Championship Season". It was the first time that both first place positions had been taken by two squads from the same school. They also won first place in the Mater Dei and Nashville Tournaments. The coaches who led them to this victory were Terry Aebischer and Chery Haselhorst. After their return from state, a parade was held in their honor. They then performed for the students and the public. Terry would ask, "Hey Varsity, whata-ya want to do with your life?", and the Varsity would reply, "We want to CHEER!"

Far Above: On Senior night, Lynn Glassmaker was congratulated by her parents. Above: The J.V. Cheerleaders after they found they won.

Since it was only their second year action, the HHS Pom-Pon squad danced their way through another great season. With enthusiasm and spirit, the Pom-Pon squad got the fans going during half time at every home basketball game. When the Poms did their "Flashy Dance" everyone got up to cheer. The many talented girls on the squad were coached by Jamie Bowen and Michelle Deets. The Poms spent many hours of hard work at camp last summer, where they won a superior rating, qualifying them to go to Florida. Caroline Watson won a trip to France for choreographing a routine by herself. The HHS poms looked forward to having a great Pom-Pon squad to keep HHS cheering loudly for many seasons to come.

Wow! This is the only word that can be used to describe the 93-94 wrestling season at Highland High. Coached by Joe Michaelis and Ted Copicchio, the team should've been nicknamed *The Believers* because they always believed that they could be the best.

For many of the players, this was a season of breaking records. The team had an overall record of 15 and 4 which is the second best at HHS. Tim Wells and Roger Pfister each won 5 tournaments, which has never been done at Highland, and Roger also won 32 consecutive matches this season.

Although it was the upperclassmen breaking the individual records, it is the underclassmen that will serve as the backbone for the future seasons of *The Believers*.

CRACK- the ball flies right over the fence into the trees. Another home run for the Highland Bulldogs Baseball team. The Bulldogs had a great season and ended with a 14-15 record. The Varsity team did exceptionally well with many returning players. The J.V. team surprised the Highland fans with their excellent season even though the team was made up of many young people who could have been called Rookie of the Year.

Total Record: 14 WINS 15 LOSSES

All that can be said of the Highland High School Softball Lady Bulldogs is that they played like they were in the Major League. After struggling through the first half of the season with a 4-12 record, the girls came back and started a five-game winning streak. With the help of team captains, Karen Frey and Stephanie Holt, the team pulled out of the season with a humorous attitude. The season was filled with jokes which the team came up with on the long bus rides. All in all, the season wasn’t a complete loss because the team played great and had a lot of fun doing it. Now they’re ready for the Major League.

The Boys' Track Team was made of the Running Men of Highland High School, and they had one of the best years of their high school careers. Many young men set records and many of them broke records also. The Boys' Track Team set a lot of goals for themselves at the beginning of the season and they set off after them and went straight for those goals.

The 1994 Highland Bulldogs Girls' Track Team was definitely considered Chariots of Fire. The outcomes of the meets were almost always the same -- Victory! The team put together another great season. Seniors Janelle Torbit, Sarah Thurmond, Brooke Hammel and Dawn Frey really set the tone and work ethic for the underclass runners. All Conference recipients were Bonnie Ammann, Laura Buss, Sara Capelle, Dawn Frey, Jenny Gilbreth, Brooke Hammel, Joanna King, Michelle Thole, Sarah Warner, Melanie Watson, Keri Weidner and April Wilson. 2nd Team was Natalie Gross. Honorable Mention was Anna Foehner, Lynn Frey, Laura Rensing and Shandra Zobrist. State Qualifiers were Janelle Torbit in the 3200m. and the 1600m. run. Laura Buss in the 800m. run.

*Tuff Turf* was what the Highland Tennis Bulldogs played on this year. After several excellent years of coaching Mr. Larry Ittner retired this year from the courts. Coach Larry Ittner was pleased to have four All Conference players in doubles. These players were Mike Eilerman, Joe Hoffman, Matt McPherson, and Jason Boyer. The best comeback of the season was from a 3-0 behind to defeat Edwardsville 4-3 for the team's 300th victory. The tennis Bulldogs were sad to see the Highland Tennis coach leave this year. The Varsity players consisted of Mike Eilerman, Jason Boyer, Marshall Sims, Robert Rogier, Matt McPherson, and Joe Hoffman. The tennis team hopes to come back and regain control of *Tuff Turf* with their new tennis coach.

In 1993-1994 a lot of talent was expressed and *Fame* reached a peak as the annual fall play and spring musical were produced and performed. In the fall of 1993, the new play director, Mrs. Kelly Seymour, cast the actors and actresses who would become "A Company of Wayward Saints". After months of hard work the cast put on an excellent show. Later in the school year Mrs. Seymour and Mr. Joe Young cast the 60+ members of "Oklahoma!" In April the cast and crew put on one of the best productions Highland had ever witnessed. In 1993-1994 the casts and crews of both "A Company of Wayward Saints" and "Oklahoma!" were worthy of *Fame*.

The Twenty-third Psalm

The Lord is my shepherd; I shall not want.
He maketh me to lie down in green pastures:
He leadeth me beside the still waters.
He restoreth my soul: He leadeth me in the paths of righteousness for His name's sake.
Yea, though I walk through the valley of the shadow of death, I will fear no evil:
for thou art with me: thy rod and thy staff they comfort me.
Thou prepardest a table before me in the presence of mine enemies:
Thou anointest my head with oil:
my cup runneth over.
Surely goodness, and mercy shall follow me all the days of my life:
and I will dwell in the house of the Lord for ever.

Comfort
There is a tower of strength
For you and me --
'Tis that which we call faith
And as the sea
Oft dashes on the rocks
To no avail
So storms may come to us,
But in the gale
We lean upon that faith
And soon once more
We see a beacon light --
It is the shore.

FRANKLIN LEE STEVENSON
It was a sad year as we lost six of Highland's finest faculty. Mrs. Geiger and Mrs. Seymour left to move on to other schools. Mr. Ittner, Mr. Hester, Mr. Schmalz, and Mr. Singleton all happily retired. On a lighter note, there were some new additions to the school, including Mrs. Meyer's new baby. There was also a new faculty room put in, the first ever at HHS. It housed a copier with a stapler, a working refrigerator, and every Friday it changed into a food room, as teachers had food Friday. And every Saturday teachers scrambled to get into S.E.P., just to make a little extra dough. The faculty and administrators were very pleased with all the changes. All in all it was a great year for Highland High School.

Prom Night ‘94 at Highland High School was nothing like the scary and suspenseful movies watched on the big screen. Prom Night '94 was a Moonlight Mardi Gras. It had everything needed to make a great prom. It had elegance, excitement, and romance. But most of all it had the seniors and their best friends. For the senior it was probably the last time they would all be together, outside of school. It was a time to laugh, a time to dance and for the seniors a time to celebrate. For some it was a time to cry and wonder about the future and what it held for them.
And then she asks me "Do I look all right?"
Wonderful Tonight

It's late in the evening
She's wondering what clothes to wear
She puts on her make-up and brushes her long blond hair.

And then she asks me "Do I look all right?"
And I say "Yes you look wonderful tonight."
We go to a party and everyone turns to see
this beautiful lady who's walking around with me.
And then she asks me "Do you feel all right?"
And I say "Yes I feel wonderful tonight."
I feel wonderful because I see the love light in your eyes.
And the wonder of it all is that you just don't realize
How much I love you.

It's time to go home now and I've got an aching head
So I give her the car keys and she puts me to bed.
And then I tell her as I turn out the light
I say my darling you were wonderful tonight.
Oh my darling you were wonderful tonight.

High school has been the best and worst time of our lives. So many goals we set for ourselves when we were Freshman that we achieved... and so many that we didn't. But high school isn't all about your GPA average or your ACT score. It's about getting through some of the roughest times in our lives. To get out and experience the pleasures and evils that life has to offer. To find out what kind of person you are... in your heart and soul. Even though school seemed to last forever while we were in there, it went by very fast. And our lives will go by even faster. But today was the first step into the real world. Congratulations '94 Grads and Good Luck in the future.

YOU DON'T SAY
The envelope please ...

The Winners Are:

Dr. Fred Singleton for 3 decades of dedication to HHS.
Mr. Dale Schmalz for almost 3 decades of teaching and guidance.
Mr. John Hester for 29 years (and more) of teaching math at HHS.
Lisa Messerli for an indomitable spirit.
The "lunch ladies" for putting up with lunch time crowds.
Mr. Larry Ittner for years of great tennis and math.
Mrs Cathy Weiss, Mrs. Teresa Miller and Mrs. Brenda Korte for their brand of special education.
To all of the repeat advertisers in the Iris yearbook.
Shani,

We are so proud of you and all that you have accomplished during your high school years. We were blessed to have you for a daughter.

You are phenomenally wonderful, phenomenal that's you!

Love Always,

Rachel Youngman,
Yesterday, a little girl, a smile and a ponytail.
Playing dolls, with bunny rabbits, even painting your nails.
The years fly by, you grow up so fast.
Now driving a car and out of school at last.
We all love you so very much.
And pray that God goes with you and wish you luck.
We are VERY proud of you. Love,
Mom & Dad

Congratulations Caroline,

A style that works means a style that you feel good wearing... one that fits your personality and brings out your personality and brings out your best features. It's a style that's easy to care for, healthy and natural looking. There are many elements that go into a great haircut, and we take them all into account when cutting and styling your hair. The result is everything you want... a fabulous looking haircut... a fabulous looking you.
