Mr. Doug Bradley

As a teacher, coach, technology lab facilitator and announcer at athletic events, Doug Bradley has positively impacted the lives of countless numbers of students. As a geography teacher, he literally brought geography "alive" for his students through stories, games, challenges and personal experiences. Through his humor and caring personality, his students know that he cares about them and encourages them to do their personal best whether in the classroom or in athletic competition. Doug willingly shares his knowledge, experience and time with his colleagues through district and regional professional development presentations. Doug leads by example serving as a volunteer for the Special Olympics program and the Highland Parks and Recreation Department.

The 2002-2003 Highland Middle School yearbook is proudly dedicated to Mr. Doug Bradley in recognition of his accomplishments and contributions to our school as a teacher and coach...2002/2003 Illinois State "Those Who Excel" finalist for Teacher of the Year.

health hints

February is American Heart Month. Mrs. Kuberski and Mrs. Scholl conducted a heart lab for the 7th grade Science class. The focus was on good nutrition, importance of daily exercise and refraining from tobacco and alcohol use. They also covered the importance of taking care of your heart and how it works.

Dessert

"Dessert Theatre is the opportunity for any interested middle school student to be involved with the writing, production and acting; and some type of presentation of the V.I.P. words. High school V.I.P.'s (performing players) join the group as directors. It is a wonderful way for kids to find safe people. The program is by the kids, for the kids with minimal supervision."

Program Coordinator - Shirley Bellm & Nicole Weh

P.E. at Highland Middle School and at Korte Rec. Center
